For the current fiscal year, the total pupil count for traditional school districts is projected to be ~~714,073~~ 712,012, the total pupil count for the charter authorizers is projected to be ~~47,064~~ 48,422, and the total pupil count for the special districts is projected to be ~~721~~ 725. These funds represent an average per pupil of ~~\$4,895~~ \$5,372 in State Aid to Classrooms. The average per pupil funding is projected to be ~~\$7,694~~ \$8,206 state, ~~\$1,274~~ \$1,320 federal, and ~~\$7,859~~ \$8,092 local. This is an average total funding level of ~~\$16,827~~ \$17,618 excluding revenues of local bond issues.

18 For the current fiscal year, the funds appropriated for State Aid to Classrooms represent the State's contribution to the Aid to
 19 Classrooms program for direct instruction of students in kindergarten through grade twelve in our state, which is seventy-five percent
 20 of the total cost of funding one teacher salary for every 11.2 students. The salary cost used to determine the amount of funding
 21 required for the state effort is based on that of a teacher having a master's degree and twelve years of experience, which equates to
 22 ~~\$52,604~~ \$55,104 on the statewide minimum salary schedule for the current fiscal year and including fringe benefits is ~~\$69,153~~
 23 \$72,991. The calculation of teachers for every student ratio includes those teachers eligible pursuant to Section 59-20-50(4)(b), to
 24 include classroom teachers, librarians, guidance counselors, psychologists, social workers, occupational and physical therapists,
 25 school nurses, orientation/mobility instructors, and audiologists in the school districts of the State. School districts are required to
 26 meet the statewide minimum salary schedule in the current fiscal year and are required to provide the annual step increase pursuant
 27 to Section 59-20-50. No school district is required to increase teacher salaries above the amount necessary to meet the statewide
 28 minimum salary schedule as prescribed in this act. For the current fiscal year, the provisions of Section 59-20-50(3) of the 1976
 29 Code, as amended, are suspended.

30

31 To allocate the funds, the department will calculate the total number of weighted pupil units (WPU) in each school district and in
 32 the State. The funds appropriated herein for State Aid to Classrooms represent the state share of the total Aid to Classrooms program,
 33 which is seventy-five percent. The local required effort is twenty-five percent of the total program. The total Aid to Classrooms
 34 funding for each district is calculated based on the district's percentage of the total statewide weighted pupils multiplied by the total
 35 Aid to Classrooms program. The district's local share is calculated by multiplying the total local share by the district's imputed index
 36 of taxpaying ability, which is the district's relative fiscal capacity compared to that of all other districts in the State. The State Aid
 to Classrooms amount allocated to each district will be determined by subtracting the calculation of the district's local share from

1 the calculation of the district's total Aid to Classrooms projected funding. The Statewide Public Charter School District and any
2 approved institution of higher education authorizing charter schools shall receive one hundred percent of the Aid to Classrooms
3 funding from the State. For Fiscal Year 2022-23, no local match is required for the State Aid to Classroom EIA distributions for the
4 base funding rolled up from the previous fiscal year.

5 Each district will receive either the amount determined by this new methodology or the actual state funding received in Fiscal
6 Year 2021-22 from State Aid to Classrooms, EIA - Aid to Districts, EIA - Students at Risk of School Failure, Allocations EIA –
7 Teacher Salaries, Allocations EIA – Employer Contributions, *Student Health and Fitness Act*, *Guidance/Career Specialists*, and EIA
8 - South Carolina Public Charter Schools.

9 To provide flexibility, each district may expend the funds as determined by the local school board of trustees to meet the
10 educational needs of students as defined in Section 59-1-50, Chapter 18, Title 59, and as delineated in a child's Individualized
11 Education Program (IEP). Pursuant to Section 59-20-80, each school board of trustees must make available by September first of
12 each fiscal year its annual budget that includes state, local, and federal investments in education. The budget must be available on
13 the district's website. The department, in collaboration with local school districts, will provide a template that each district must use
14 in reporting its budget.

15 To provide transparency, Revenue and Fiscal Affairs will document annually, through an online financial dashboard, the
16 expenditure of all state, local, and federal funds by each district and other relevant data. To ensure that the public reporting meets the
17 needs of educators, parents, citizens, and policymakers, the department, in conjunction with Revenue and Fiscal Affairs, will ~~convene~~
18 consult routinely with a group of educators, parents, citizens, and policymakers ~~to provide recommendations regarding the items and~~
19 ~~the design of the dashboard by January 1.~~ District expenditures for the prior fiscal year must be published on the department's website
20 for public disclosure by January 1.

21 If a traditional school district, charter school authorizer, or special school district fails to submit expenditure data needed for the
22 online financial dashboard, the Revenue and Fiscal Affairs Office will notify the Department of Education. Within thirty days of
23 such notification, the Department of Education must then withhold ten percent of all state payments to the district or authorizer until
24 the district or authorizer complies and all payments will then be made.

25 To ensure accountability, each district's annual audit that is submitted to the Department of Education pursuant to Section
26 59-17-100 must be conducted using an auditing firm from an approved list provided by the State Auditor. The State Auditor will
27 develop standards and criteria for determining qualifying auditors. Each district's annual audit must be available on the district's
28 website.

29 For the current fiscal year the South Carolina Public Charter School District and any institution of higher education sponsoring a
30 public charter school shall receive and distribute state Aid to Classroom funds to the charter school. Students enrolled in charter
31 schools authorized by the South Carolina Public Charter School District or an institution of higher education will receive in addition
32 to the base weight of 1.00 or in addition to the disability weight of 2.60 an additional weight based upon the type of charter school
33 that they attend. These additional funds must support the provision of educational services for children served by a charter school
34 that does not receive local revenues. These students are also eligible to receive additional weights for personalized instruction. The
35 department will make any necessary adjustments to account for the state share for Charter and Special Districts.

1 Three and four year old students with a disability, who are eligible for services under IDEA and enrolled in brick and mortar
2 charter schools sponsored by the South Carolina Public Charter School District or registered IHE, shall be included in student counts
3 solely for the purposes of receiving the additional weighting for students attending a brick and mortar charter school.

4 ~~For Fiscal Year 2022-23, special districts, career centers, and alternative schools will receive the amount received in the prior~~
5 ~~fiscal year from these funds.~~

6 The Revenue and Fiscal Affairs Office, must post in a prominent place on their website for each school district projections,
7 including the per pupil state, federal and local revenues, excluding revenues of local bond issues, for the current fiscal year. Also,
8 as soon as practicable, upon determining the exact numbers regarding pupil count and funding, the Revenue and Fiscal Affairs Office,
9 shall also post on their website the one hundred thirty-five day average daily membership for each school district and per pupil state,
10 federal and local revenues, excluding revenues of local bond issues, based on the most recent audited financial statement as reported
11 annually pursuant to Section 59-17-100. The Department of Education and the Education Oversight Committee shall provide in a
12 prominent place on their internet websites a link to the information posted by the Revenue and Fiscal Affairs Office, including the
13 projected numbers and the exact numbers.

14 For the current fiscal year, the pupil classification weightings are as follows:

- 15 (1) K-12 pupils or base students including homebound students 1.00
- 16 Students served in licensed residential treatment facilities (RTFs) for children and adolescents as defined under Section
- 17 44-7-130 of the 1976 Code shall receive a weighting of 2.10.
- 18 (2) Weights for students with disabilities as documented by their Individualized Education Plan (IEP) 2.60
- 19 (3) Precareer and Career Technology 1.20
- 20 (4) Charter school students
- 21 (a) Enrolled in brick and mortar school 1.25
- 22 (b) Enrolled in virtual charter school 0.65
- 23 (5) Additional weights for personalized instruction:
- 24 (a) Gifted and Talented 0.15
- 25 (b) Academic Assistance 0.15
- 26 (c) Limited English Proficiency 0.20
- 27 (d) Pupils in Poverty 0.50

28 Students in poverty are students who qualify for Medicaid, SNAP, TANF, or are homeless, transient, or in foster care.

29 Gifted and talented students are students who are classified as academically or artistically gifted and talented or who are enrolled
30 in Advanced Placement (AP), International Baccalaureate (IB), and Cambridge International courses in high school. Districts shall
31 set-aside twelve percent of the funds for serving artistically gifted and talented students in grades three through twelve.

32 Students in need of academic assistance are students who do not meet state standards in mathematics, English language arts, or
33 both on state approved assessments in grades three through eight and high school assessments for grades nine through twelve. The
34 additional weight generates funds needed to provide additional instructional services to these students.

35 Students with limited English proficiency are students who require intensive English language instruction programs and whose
36 families require specialized parental involvement intervention.

1 Further, the Department of Education may use school district student counts for personalized instruction as collected in the same
2 manner as the prior fiscal year, PowerSchool or other available existing data sources as determined by the department to calculate
3 the school district add on weightings for the personalized instruction classifications and the determination of the school districts
4 monetary entitlement. End of year adjustments shall be based on the one hundred thirty-five day student average daily membership
5 for all classifications. During the current fiscal year, the department will update PowerSchool calculations, reports, screen
6 development, documentation, and training to incorporate the new pupil classification weightings and to make final district allocation
7 adjustments by June 30. The department must provide districts with technical assistance with regard to student count changes in
8 PowerSchool.

9 Up to ten percent of any funds appropriated for State Aid to Classrooms at the end of the fiscal year may be carried forward into
10 the subsequent fiscal year and allocated to school districts, the South Carolina Public Charter School District, and an institution of
11 higher education that authorizes charter schools pursuant to this provision. The additional funds must first support increases in student
12 enrollment and any balance may be allocated proportionately utilizing weighted pupil units to districts. Any additional unexpended
13 funds shall revert to the general fund or to the EIA Fund.

14 With the funds that the Department of Education receives for health insurance for school districts, the department shall allocate
15 the funds to school districts proportionately utilizing weighted pupil units. The department shall allocate to districts funds received
16 for retirement benefits through the State Aid to Classrooms formula.

17 **1.4.** (SDE: Employer Contributions/Allocations) It is the intent of the General Assembly that the appropriation contained herein
18 for “Public School Employee Benefits” shall not be utilized to provide employer contributions for any portion of a school district
19 employee’s salary that is federally funded.

20 State funds allocated for school district employer contributions must be allocated by the formula and must be used first by each
21 district to cover the cost of fringe benefits for personnel required by the Defined Program, food service personnel and other personnel
22 required by law. Once a district has expended all state allocated funds for fringe benefits, the district may utilize food service
23 revenues to fund a proportionate share of fringe benefits costs for food service personnel.

24 The Department of Juvenile Justice and the Department of Corrections’ school districts must be allocated funds under the fringe
25 benefits program in accordance with criteria established for all school districts.

26 **1.5.** (SDE: Employer Contributions/Obligations) In order to finalize each school district’s allocations of Employer Contributions
27 funds for retiree insurance from the prior fiscal year, the Department of Education is authorized to adjust a school district’s allocation
28 in the current fiscal year accordingly to reflect actual payroll and payments to the Retirement System from the prior fiscal year. In
29 the event the Department of Education is notified that an educational subdivision has failed to remit proper payments to cover
30 Employee Fringe Benefit obligations, the Department of Education is directed to withhold the educational subdivision’s state funds
31 until such obligations are met.

32 **1.6.** (SDE: Educational Responsibility/Foster Care) The responsibility for providing a free and appropriate public education
33 program for all children including disabled students is vested in the public school district wherein a child of lawful school age resides
34 in a foster home, group home, orphanage, or a state operated health care facility including a facility for treatment of mental illness
35 or chemical dependence and habilitation centers for persons with intellectual disabilities or persons with related conditions located
36 within the jurisdiction of the school district or alternative residences. The districts concerned may agree upon acceptable local cost

1 reimbursement. If no agreement is reached, districts providing education shall receive from the district where the child last resided
2 before placement in a facility an additional amount equivalent to the statewide average of the local base student cost multiplied by
3 the appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance Act. If a child from out of state is residing
4 in a facility owned and/or operated by a for profit entity, the district providing educational services shall be reimbursed by the for
5 profit entity the local district's local support per weighted pupil above the statewide average base student cost multiplied by the
6 appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance Act. Participation will be evidenced by a
7 written agreement from the IEP team or 504 team, written referral, or the school district initiating the placement process. School
8 districts providing the education shall notify the nonresident district in writing within forty-five calendar days that a student from the
9 nonresident district is receiving education services pursuant to the provisions of the proviso. The notice shall also contain the
10 student's name, date of birth, and disabling condition if available. If appropriate financial arrangements cannot be effected between
11 institutions of the state, including independent school districts under the authority of the Department of Disabilities and Special
12 Needs, and school districts, institutions receiving educational appropriations shall pay the local base student cost multiplied by the
13 appropriate pupil weighting. Children residing in institutions of state agencies shall be educated with nondisabled children in the
14 public school districts if appropriate to their educational needs. Such institutions shall determine, on an individual basis, which
15 children residing in the institution might be eligible to receive appropriate educational services in a public school setting. Once these
16 children are identified, the institution shall convene an IEP meeting with officials of the public school district in which the institution
17 is located. If it is determined by the committee that the least restrictive environment in which to implement the child's IEP is a public
18 school setting, then the school district in which the institution is located must provide the educational services. However, that school
19 district may enter into contractual agreements with any other school district having schools located within a forty-five mile radius of
20 the institution. The cost for educating such children shall be allocated in the following manner: the school district where the child
21 last resided before being placed in an institution shall pay to the school district providing the educational services an amount
22 equivalent to the statewide average of the local base student cost multiplied by the appropriate pupil weighting as set forth in Section
23 59-20-40 of the Education Finance Act; the school district providing the educational services shall be able to count the child for all
24 funding sources, both state and federal. The institution and school district, through contractual agreements, will address the special
25 education and related services to be provided to students. Should the school district wherein the institution is located determine that
26 the child cannot be appropriately served in a public school setting, then the institution may request a due process hearing pursuant to
27 the procedures provided for in the Individuals with Disabilities Education Act.

28 The agreed upon acceptable local cost reimbursement or the additional amount equivalent to the statewide average of the local
29 base student cost multiplied by the appropriate pupil weighting set forth in Section 59-20-40, for instructional services provided to
30 out-of-district students, shall be paid within sixty days of billing, provided the billing district has provided a copy of the invoice to
31 both the Superintendent and the finance office of the district being invoiced. Should the district not pay within sixty days, the billing
32 district can seek relief from the Department of Education. The department shall withhold EFA funding equal to the billing from the
33 district refusing to pay and submit the funding (equal to the invoice) to the billing school district.

34 The agency placing a child in any situation that requires changing school districts, must work with the schools to assure that all
35 required school records, including confidential records, are transferred from the sending to the receiving school within three working
36 days. School records to be transferred should include grade transcripts, state birth certificate, certificate of immunization, social

1 security card, attendance records, discipline records, IEP's, psychological reports (or notation in the school records that a
2 psychological report on the child is available at the school district office) and any other records necessary for the appropriate
3 placement of the child in the new school. School districts must release all records upon presentation of a court order or appropriate
4 permission for confidential release. If evaluation or placement is pending, the receiving school district is responsible to secure
5 information and to complete the placement. The receiving school will maintain appropriate confidentiality of all records received
6 on a child. Upon discharge or release from the treatment facility, the agency placing the child in the receiving school must work
7 with the school district where the student will reside after treatment to assure continuity of the student's education.

8 **1.7.** (SDE: Instruction in Juvenile Detention Centers) It shall be the responsibility of the school district where a local juvenile

11 that district and reimbursement by the Department of Education made accordingly.

15 labels, Directory of South Carolina Schools, student health record cards, items to be recycled, and high school diplomas and
16 certificates; the collection of out-of-state and in-state investigation fees, registration fees for non-SDE employees, recurring facility
17 inspection fees, teacher certification fees; the handling of audio-visual film; the provision of contract computer services to school
18 districts and other state agencies, joint broadcast service to school districts, and education-related statistics through agreement with
19 the National Center for Education Statistics; the lease or sale of programs of television, audio or microcomputer software; the lease
20 or sale of virtual courses to other states; the collection of damage fees for instructional materials and the sale of unusable instructional
21 materials; sale of fuel; use and repair of transportation equipment; fees for Medicaid reimbursable transportation; the receipt of
22 insurance and warranty payments on Department of Education equipment and the sale of used school buses and support equipment.

26 statewide textbook inventory management system, provided that schools' newly-adopted instructional materials needs are met first.

27 **1.9.** (SDE: School District Bank Accounts) Each school district in this State, upon the approval of the district's governing body,
28 may maintain its own bank account for the purpose of making disbursement of school district funds as necessary to conduct school
29 district business and each county treasurer is hereby authorized to transfer such amount as needed, upon receipt of a written order
30 certified by the district governing body or their designee. Such order shall contain a statement that such amount is for immediate
31 disbursement for the payment of correct and legal obligation of the school district.

32 **1.10.** (SDE: Travel/Outside of Continental U.S.) School District allocations from General Funds, lottery, and EIA funds shall
33 not be used for travel outside of the continental United States. The International Baccalaureate Program shall be exempt from this
34 restriction.

35 **1.11.** (SDE: Year End Closeout) The State Department of Education is authorized to expend federal and earmarked funds (not
36 including state or EIA funds) in the current fiscal year for expenditures incurred in the prior year; however, state funds appropriated

12 self-insure state-owned buses. In no event shall the department charge local school districts for damages to the buses which are
13 commonly covered by insurance.

14 **1.14.** (SDE: Teacher Data Collection) Of the non-program funds appropriated to the Department of Education, it and the
15 Commission on Higher Education shall share data about the teaching profession in South Carolina. The data sharing should ensure
16 (1) a systematic report on teacher supply and demand information and (2) data to determine classes being taught by public school
17 teachers out of field of their preparation. The data collection should include but not be limited to: classes/subjects taught, number
18 of students taught, percentage of teacher education graduates from South Carolina colleges/universities who go into teaching,
19 percentage of teacher education graduates who teach in public schools in South Carolina, percentage of new teachers who leave the
20 South Carolina teaching profession in the first three years of public school teaching due to unsuccessful evaluations, percentage of
21 new teachers who leave the profession in the first three years of public school teaching in South Carolina who have successful
22 evaluations, turnover rate of teachers and certification areas with highest vacancies. All database items should be set up so that it
23 can be disaggregated by ethnicity, gender, geographic location, etc.

24 **1.15.** (SDE: School Bus Driver CDL) From funds provided in Part IA, Section 1, VII.B., local school districts shall request a

29 appropriation bill must meet specifications developed by the School Bus Specification Committee as established by the State
30 Superintendent of Education. The School Bus Specifications Committee shall allow for input from all school bus chassis and body
31 manufacturers. However, if it is safe, more economical, and in the public interest, the department may use the school bus
32 specifications of another state in the procurement of school buses. If the department uses the specifications of another state, the
33 department must submit a report to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means
34 Committee detailing the methodology by which the alternative specifications were determined to be safe, more economical, and in
35 the public interest, when compared to the specifications set forth by the School Bus Specifications Committee.

10 in advance of such meeting. The notice shall include the date, time, and agenda for the board meeting. The school district shall
11 place the minutes of the board meeting on their website within ten days of the next regularly scheduled board meeting.

12 **1.20.** (SDE: Proviso Allocations) In the event an official General Fund revenue shortfall is declared by the Board of Economic
13 Advisors, the Department of Education may reduce any allocation in Section 1 specifically designated by proviso in accordance with
14 the lower Board of Economic Advisors revenue estimate as directed by the Executive Budget Office, ~~except the additional EFA~~
15 ~~allocation to the South Carolina Public Charter School District. The reduction may not be greater than the total percentage of~~
16 ~~reduction of the Section 1 appropriation. Should the department hold back funds in excess of the total percentage reduction those~~
17 ~~funds must be allocated per the proviso. No allocation for teacher salaries shall be reduced as a result of this proviso.~~

18 **1.21.** (SDE: School Districts and Special Schools Flexibility) All school districts and special schools of this State may transfer
19 and expend funds among appropriated state general fund revenues, Education Improvement Act funds, and Education Lottery Act
20 funds, and funds received from the Children's Education Endowment Fund for school facilities and fixed equipment assistance, to
21 ensure the delivery of academic and arts instruction to students. However, a school district may not transfer funds allocated
22 specifically for state level maintenance of effort requirements under IDEA, funds allocated specifically for state level maintenance
23 of effort requirement for federal program, funds provided for the Education and Economic Development Act, funds provided for
24 Career and Technology Education, nor funds required for debt service or bonded indebtedness. All school districts must report the
25 student teacher ratio for every classroom to the Department of Education at the forty-fifth and the one hundred and thirty-fifth day
26 mark. The department shall report this information to the General Assembly for the ~~2022-2023~~ *current* school year.

27 In order for a school district to take advantage of the flexibility provisions, at least seventy-five percent of the school district's per
28 pupil expenditures must be utilized within the In\$ite categories of instruction, instructional support, and only transportation, food
29 service, and safety within non-instruction pupil services. No portion of the seventy-five percent may be used for facilities, business
30 services, debt service, capital outlay, program management, and leadership services, as defined by In\$ite. The school district shall
31 report to the Department of Education the actual percentage of its per pupil expenditures used for classroom instruction, instructional
32 support, and transportation, food service, and safety within non-instruction pupil services for the current school year ending June
33 thirtieth. Salaries of on-site principals must be included in the calculation of the district's per pupil expenditures.

34 "In\$ite" means the financial analysis model for education programs utilized by the Department of Education.

35 School districts are encouraged to reduce expenditures by means, including, but not limited to, limiting the number of low
36 enrollment courses, reducing travel for the staff and the school district's board, reducing and limiting activities requiring dues and

1 memberships, reducing transportation costs for extracurricular and academic competitions, restructuring administrative staffing, and
2 expanding virtual instruction.

3 School districts and special schools may carry forward unexpended funds from the prior fiscal year into the current fiscal year.

4 Prior to implementing the flexibility authorized herein, school districts must provide to Public Charter Schools the per pupil
5 allocation due to them for each categorical program.

6 Quarterly throughout the current fiscal year, the chairman of each school district's board and the superintendent of each school
7 district must certify where non-instructional or nonessential programs have been suspended and the specific flexibility actions taken.
8 The certification must be in writing, signed by the chairman and the superintendent, delivered electronically to the State
9 Superintendent of Education, and an electronic copy forwarded to the Chairman of the Senate Finance Committee, the Chairman of
10 the Senate Education Committee, the Chairman of the House Ways and Means Committee, and the Chairman of the House Education
11 and Public Works Committee. Additionally, the certification must be presented publicly at a regularly called school board meeting,
12 and the certification must be conspicuously posted on the internet website maintained by the school district.

13 For the current fiscal year, Section 59-21-1030 is suspended. The foreign language program assessment, and the physical
14 education assessment must be suspended. School districts and the Department of Education are granted permission to purchase the
15 most economical type of bus fuel.

16 For the current fiscal year, savings generated from the suspension of the assessments enumerated above must be allocated to school
17 districts based on weighted pupil units.

18 School districts must maintain a transaction register that includes a complete record of all funds expended over one hundred dollars,
19 from whatever source, for whatever purpose. The register must be prominently posted on the district's internet website and made
20 available for public viewing and downloading. The register must include for each expenditure:

- 21 (i) the transaction amount;
- 22 (ii) the name of the payee; and
- 23 (iii) a statement providing a detailed description of the expenditure.

24 The register must not include an entry for salary, wages, or other compensation paid to individual employees. The register must
25 not include any information that can be used to identify an individual employee. The register must be accompanied by a complete
26 explanation of any codes or acronyms used to identify a payee or an expenditure. The register must be searchable and updated at
27 least once a month.

28 Each school district must also maintain on its internet website a copy of each monthly statement for all of the credit cards
29 maintained by the entity, including credit cards issued to its officers or employees for official use. The credit card number on each
30 statement must be redacted prior to posting on the internet website. Each credit card statement must be posted not later than the
31 thirtieth day after the first date that any portion of the balance due as shown on the statement is paid.

32 The Comptroller General must establish and maintain a website to contain the information required by this section from a school
33 district that does not maintain its own internet website. The internet website must be organized so that the public can differentiate
34 between the school districts and search for the information they are seeking.

1 The provisions contained herein do not amend, suspend, supersede, replace, revoke, restrict, or otherwise affect Chapter 4, Title
2 30, of the South Carolina Freedom of Information Act. Nothing in this proviso shall be interpreted as prohibiting the State Board of
3 Education to exercise its authority to grant waivers under Regulation 43-261.

4 **1.22.** (SDE: Medical Examination and Security Reimbursement/Expenditures) From funds authorized in Part IA, Section 1,
5 VII.B. Other Operating Expenses, the Department of Education may directly pay, or reimburse employees, for the cost of a medical
6 examination as required in Part 391, Subpart E of the Federal Motor Carrier Safety Regulations, for employees that are required to
7 operate a state vehicle transporting hazardous materials and that are required to undergo a national security background check because
8 of the required Hazmat endorsement to their CDL.

9 **1.23.** (SDE: Budget Reduction) In compensating for any reduction in funding or an operating deficit publicly recognized by the
10 School Board of Trustees, local districts must give priority to preserving classroom teachers and operations. Funding reductions
11 should first be applied to administrative and non-classroom expenses before classroom expenses are affected.

12 **1.24.** (SDE: School District Furlough) Should there be a midyear reduction in state funding to the districts, school districts may
13 institute employee furlough programs for district-level and school-level professional staff. Before any of these employees may be
14 furloughed, the chairman of the governing body of the school district must certify that all fund flexibility provided by the General
15 Assembly has been utilized by the district and that the furlough is necessary to avoid a year-end deficit and a reduction in force. The
16 certification must include a detailed report by the superintendent of the specific action taken by the district to avoid a year-end deficit.
17 The certification and report must be in writing and delivered to the State Superintendent of Education and a copy must be forwarded
18 to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee.

19 The local school district board of trustees may implement a furlough of personnel once certification to the State Superintendent
20 documents all funding flexibility has been exhausted and continued year-end deficits exist. Local school boards of trustees shall
21 have the authority to authorize furloughs of these employees in the manner in which it sees fit. However, instructional personnel
22 may be furloughed for up to five non-instructional days if not prohibited by an applicable employment contract with the district and
23 provided district administrators are furloughed for twice the number of days. District administrators may only be furloughed on
24 non-instructional days and may not be furloughed for a period exceeding ten days. District administrators shall be defined by the
25 Department of Education using the Professional Certified Staff (PCS) System. For individuals not coded in PCS, the determination
26 shall be made based upon whether the individual performs the functions outlined in position codes identified by the department as
27 administration. Educators who would have received a year's experience credit had a furlough not been implemented, shall not have
28 their experience credit negatively impacted because of a furlough implementation.

29 During any furlough, affected employees shall be entitled to participate in the same benefits as otherwise available to them except
30 for receiving their salaries. As to those benefits that require employer and employee contributions, including, but not limited to,
31 contributions to the South Carolina Retirement System or the optional retirement program, the district will be responsible for making
32 both employer and employee contributions if coverage would otherwise be interrupted; and as to those benefits which require only
33 employee contributions, the employee remains solely responsible for making those contributions. Placement of an employee on
34 furlough under this provision does not constitute a grievance or appeal under any employee grievance procedure. The district may
35 allocate the employee's reduction in pay over the balance of the fiscal year for payroll purposes regardless of the pay period within
36 which the furlough occurs.

1 Each local school district must prominently post on the district's internet website and make available for public viewing and
2 downloading the most recent version of the school district's policy manual and administrative rule manual.

3 This proviso shall not abrogate the terms of any contract between any school district and its employees.

4 **1.25.** (SDE: School Lunch/Attendance Supervisors) For those counties in which an entity other than the school district
5 administers the school lunch supervisor and/or attendance supervisor programs, the school districts in that county shall transfer to
6 the entity the amount available in the previous fiscal year for administration of the school lunch supervisor and/or attendance
7 supervisor programs. Each district shall transfer a pro rata share of the total cost based upon the percentage of state EFA funds
8 distributed to the districts within the county.

9 **1.26.** (SDE: No Discrimination Requirement) State funds must not be appropriated to a school that discriminates against or
10 participates with or is a member of an association with policies that discriminate or afford different treatment of students based on
11 race or national origin.

12 **1.27.** (SDE: Medicaid Cash Match Accounting) The department is granted authority to transfer funds between budget lines and
13 object codes to identify, reconcile, reimburse, and remit funds required for Medicaid cash match to the Department of Health and
14 Human Services.

15 **1.28.** (SDE: Student Report Card-GPA) For each high school student, school districts shall be required to print the student's
16 individual cumulative grade point average for grades nine through twelve on the student's report card.

17 **1.29.** (SDE: Lost & Damaged Instructional Materials Fees) Fees for lost and damaged instructional materials for the prior school
18 year are due no later than December first of the current school year when invoiced by the Department of Education. The department
19 may withhold instructional materials funding from schools that have not paid their fees by the payment deadline.

20 **1.30.** (SDE: ~~Education Finance Act~~ State Aid to Classrooms Reserve Fund) There is created in the State Treasury a fund separate
21 and distinct from the General Fund of the State and all other funds entitled the ~~Education Finance Act~~ State Aid to Classrooms
22 Reserve Fund. All unexpended general funds appropriated to the Department of Education for the ~~Education Finance Act~~ State Aid
23 to Classrooms in the current fiscal year shall be transferred to the ~~Education Finance Act~~ State Aid to Classrooms Reserve Fund. In
24 the event that the amount appropriated for the ~~Education Finance Act~~ State Aid to Classrooms is insufficient to fully fund the base
25 student cost designated student teacher ratio as established by this act, revenues from the ~~Education Finance Act~~ State Aid to
26 Classrooms Reserve Fund may be used to supplement the funds appropriated. ~~By June 30th of the current fiscal year, if the department~~
27 ~~determines that the funds are not needed to supplement the Education Finance Act, the department may utilize the funds for bus~~
28 ~~purchase.~~ The General Assembly may make direct appropriations to this fund. All unexpended funds in the ~~Education Finance Act~~
29 State Aid to Classrooms Reserve Fund and any interest accrued by the fund must remain in the fund and may be carried forward into
30 the current fiscal year.

31 **1.31.** (SDE: Prohibit Advertising on School Buses) The Department of Education and local school districts are prohibited from
32 selling space for or the placement of advertisements on the outside or inside of state-owned school buses.

33 **1.32.** (SDE: Residential Treatment Facilities Student Enrollment and Funding) Each South Carolina resident of lawful school
34 age residing in licensed residential treatment facilities (RTFs) for children and adolescents identified on the State Qualified Providers
35 list and meets the requirements of Section 44-7-130 of the 1976 Code, (students) shall be entitled to receive educational services
36 from the school district in which the RTF is located (facility school district). The responsibility for providing appropriate educational

1 programs and services for these students, both with and without disabilities, who are referred, authorized, or placed by the State is
2 vested in the facility school districts. For purposes of this proviso, an authorization must be pursuant to a physician's determination
3 of medical necessity. If clinically appropriate, the facility school district, the RTF, and the parent or guardian of a student referred
4 or placed in a RTF may consider the appropriateness of providing the student's education program virtually through enrollment in
5 either the facility district's virtual program, the South Carolina virtual school program provided through the Department of Education
6 (Virtual SC), or a virtual charter school authorized by the South Carolina Public Charter School District, or a virtual charter school
7 authorized by an approved institute of higher education. This decision should be made jointly with the best interest of the student
8 and what is clinically indicated being considered.

9 A facility school district must provide the necessary educational programs and services directly to the student at the RTF's facility,
10 provided that the RTF facility provides and maintains comparable adequate space for the educational programs and services
11 consistent with all federal and state least restrictive environment requirements. Adequate space shall include appropriate electrical
12 support and Internet accessibility. Unless the parent or legal guardian of the student seeks to continue the student's enrollment in
13 the resident school district under a medical homebound instruction program and the district approves, if appropriate, then, under
14 these circumstances, the facility school district shall enroll the student and assume full legal and financial responsibility for the
15 educational services including enrolling the student, approving the student's entry into a medical homebound instructional program,
16 if appropriate, and receiving and expending funds, unless the resident school district undertakes to carry out its educational
17 responsibilities for the student directly. Alternatively, a facility school district may choose to provide the necessary educational
18 programs and services by contracting with the RTF provided that the RTF agrees to provide educational services to the student at the
19 RTF's facility. Under these circumstances, the facility school district must enroll the student and pay the RTF for the educational
20 services provided. If the facility school district determines the educational program being offered by the RTF does not meet the
21 educational standards outlines in the contract, the facility district shall be justified in terminating the contract.

22 The facility school districts are entitled to receive the base student cost multiplied by the Education Finance Act pupil weighting
23 for pupils in a Residential Treatment Facility of 2.10, as set forth in Proviso 1.3 of this act and any eligible categorical and federal
24 funds. These funds may be retained by the facility school districts for the purpose of providing the educational programs and services
25 directly to students referred or placed by the State or the facility school districts may use these funds to reimburse RTFs for the
26 educational programs and services provided directly by the RTFs. A facility school district is entitled to reimbursement from a
27 resident school district for the difference between (1) the reasonable costs expended for the educational services provided directly
28 by the facility school district or the amount paid to the RTF and (2) the aggregate amount of federal and state funding received by
29 the facility school district for that student. However, the reimbursement rate may not exceed \$90 per student per day. Through a
30 joint agreement with the facility school district and the RTF, the funding received for RTF students must be utilized to deliver an
31 instructional program that meets the needs of the students, and when applicable, the requirements of the Individuals with Disabilities
32 Education Act and Section 504 of the Rehabilitation Act of 1973. Facility school districts providing the educational services shall
33 notify the resident district in writing within forty-five calendar days that a student from the resident district is receiving educational
34 services pursuant to the provisions of the proviso. Reimbursements shall be paid within sixty days of billing, provided the facility
35 district has provided a copy of the invoice to both the District Superintendent and the finance office of the resident district being
36 invoiced. Should the facility school district be unable to reach agreement with the resident school district regarding reasonable costs

1 differences, the facility school district shall notify the Department of Education's Office of General Counsel. The Department of
2 Education shall facilitate a resolution of the dispute between the facility school district and the resident school district within
3 forty-five days of the notice of dispute. If the issue of reasonable cost differences should remain unresolved, a facility school district
4 shall have the right to file a complaint in a Circuit Court. Should a resident school district fail to distribute the entitled funding to
5 the facility school district by the one hundred thirty-five day count, the Department of Education is authorized to withhold the
6 equivalent amount of EFA funds and transfer those funds to the facility school district.

7 RTF facilities on the State Qualified Provider List not located within the boundaries of the state shall be reimbursed at a rate that
8 may not exceed \$45 per student per day for education services and school districts shall be eligible to receive a base student cost
9 weighted funding of 2.10 provided that the student remains enrolled in the school district. Facilities providing the educational
10 services shall notify the resident district in writing within forty-five calendar days that a student from the resident district is receiving
11 educational services pursuant to the provisions of the proviso. Reimbursements shall be paid within sixty days of billing, provided
12 the qualified facility has provided a copy of the invoice to both the District Superintendent and the finance office of the resident
13 district being invoiced. Should the facility be unable to reach agreement with the resident school district regarding reasonable costs
14 differences, the provider shall notify the Department of Education's Office of General Counsel. The Department of Education shall
15 facilitate a resolution of the dispute between the facility and the resident school district within forty-five days of the notice of dispute.
16 If the issue of reasonable cost differences should remain unresolved, a facility shall have the right to file a complaint in a Circuit
17 Court. Additionally, qualified RTF providers' general education curriculum must be aligned to the South Carolina academic
18 standards in the core content areas. All students with disabilities who are eligible for special education and related services under
19 the Individuals with Disabilities Education Act (IDEA), as amended, and the State Board of Education (SBE) regulations, as
20 amended, shall receive special education and related services in the least restrictive environment by appropriately certified personnel.
21 Students in a qualified RTF will at all times be eligible to receive the educational credits (e.g., Carnegie Units) earned through their
22 educational efforts. The resident school district and the RTF should develop a memorandum of understanding to outline the
23 responsibilities of the RTF in providing the educational services and responsibilities, if any, of the resident school district while the
24 student is housed in the RTF.

25 If a child from out of state is placed in a RTF by an out-of-state school district or agency, the child's home state remains responsible
26 for the educational services. The facility school district may choose to provide the educational program to the child and, upon
27 choosing to do so, shall contract with the appropriate entity for payment of educational services provided to the child. Out-of-state
28 students provided educational services by a facility school district shall not be eligible for funding through the Education Finance
29 Act.

30 If a child is placed in a RTF by the child's parent or guardian and is not referred, authorized, or placed by the State, the facility

26 are not required to be approved, registered, or licensed by the Department of Social Services in order to participate in CERDEP.

4 funds and federal funds to supplement the amount expended for materials and equipment. Providers receiving equipment funding
5 are expected to participate in the program and provide high-quality, center-based programs as defined herein for a minimum of three
6 years. Failure to participate for three years will require the provider to return a portion of the equipment allocation at a level
7 determined by the Department of Education and the Office of First Steps to School Readiness. Funding to providers is contingent
8 upon receipt of data as requested by the Department of Education and the Office of First Steps. The Department of Education shall
9 only provide funding for public school students whose complete records have been entered into PowerSchool based on the one
10 hundred and thirty-five day student average daily membership. For the current fiscal year, providers may enroll pay-lunch children

15 reimbursement for these children if funds are available. The Department of Education is required to offer waivers allowing students
16 with disabilities to be served in multi-categorical classroom settings based on similar cognition and abilities. Funding appropriated
17 for CERDEP may be carried forward and expended for the same purpose.

18 Annually, the Department of Education is directed to audit the annual allocations to public providers to ensure that allocations are
19 accurate and aligned to the appropriate pro rata per student allocation, materials, and equipment funding. In the event the department,
20 during the audit process determines that the annual allocations of the prior fiscal year are not accurate, the department must adjust
21 the allocations for the current fiscal year to account for the audit findings. The department must provide the results of the annual
22 audit findings to the General Assembly no later than December first. Likewise, in the event the Office of First Steps determines that
23 the annual allocations of the prior fiscal year to private providers are not accurate, the Office of First Steps must adjust the allocations
24 for the current fiscal year to account for the findings.

25 Of the funds appropriated, \$300,000 shall be allocated to the Education Oversight Committee to conduct an annual evaluation of
26 the South Carolina Child Development Education Pilot Program and to issue findings in a report to the General Assembly by March
27 first of each year. To aid in this evaluation, the Education Oversight Committee shall determine the data necessary and both public
28 and private providers are required to submit the necessary data as a condition of continued participation in and funding of the program.

32 programs. The Office of First Steps to School Readiness shall be responsible for the collection and maintenance of data on the state
33 funded programs provided through private providers. The Education Oversight Committee shall use this data and all other collected
34 and maintained data necessary to conduct a research based review of the program's implementation and assessment of student success
35 in the early elementary grades along with information, recommendations, and a timeline for how the state can increase the number
36 of students served in high-quality programs.

1 For each school district that chooses not to participate in CERDEP, the district shall receive the same amount of EIA funds as
2 allocated in the prior fiscal year for the provision of a half-day 4K program from the funds appropriated to the Department of
3 Education for CERDEP or from any funds carried forward from the prior fiscal year to CERDEP. For eligible children residing in
4 school districts that do not participate in CERDEP, the Department of Education is required to develop and implement inter-district
5 transfer policies that give parents or guardians the option of their eligible child attending an out-of-district school that participates in
6 CERDEP.

7 For the current fiscal year, the Office of First Steps may expend: (1) up to \$2,000,000 to pilot a program to provide higher
8 reimbursement rates to high-quality ~~child care centers~~ *providers*. The reimbursement rate for students enrolled by child care
9 providers rated B or higher in the ABC Quality System operated by the Department of Social Services may be increased by up to
10 10% of the per-student base following guidelines developed by the Office of First Steps; and (2) up to ~~\$100,000~~ *\$250,000* to provide
11 one-time supplemental, needs-based incentive grants in an amount not to exceed \$30,000 for newly created and/or newly approved
12 private providers proposing to expand service to ten or more CERDEP eligible children in communities unable to enroll all eligible
13 students in a public, private, or Head Start setting during the prior fiscal year. These grants are designed to address building
14 renovations, documented as necessary to bring proposed classrooms into compliance with licensing regulations, materials and
15 staffing costs, and/or other obstacles currently preventing their participation in the program. The First Steps Board of Trustees shall
16 develop and approve an application process that incorporates formal review and fiscal safeguards designed to ensure grant funds are
17 used solely to address documented barriers to program participation. Providers receiving this one-time supplement shall be expected
18 to participate in the program and provide high-quality, center-based programs as defined herein for a minimum of three years. Failure
19 to participate for three years shall require the provider to return a portion of the supplemental allocation at a level determined by the
20 Office of First Steps to School Readiness. First Steps shall submit a report detailing its process, expenditures and expanded
21 enrollment to the Chairman of the House Ways and Means Committee and the Chairman of the Senate Finance Committee by March
22 15; and (3) ~~up to \$1,000,000 may be used to provide grants to public-private partnerships to address building renovations and designs~~
23 ~~necessary to get the building and classrooms into compliance with licensing regulations and other obstacles that prevent participation~~
24 ~~in CERDEP following guidelines developed by the Office of First Steps. Providers participating in this pilot shall be expected to~~
25 ~~participate in the program and provide high-quality, center-based programs as defined herein for a minimum of three years. Failure~~
26 ~~to participate for three years shall require the provider to return a portion of the supplemental allocation at a level determined by the~~
27 ~~Office of First Steps.~~

28 If by August first, the Department of Education or the Office of First Steps determines that appropriations will exceed expenditures,
29 available funds may be used to fund an extended program and to increase the length of the program to a maximum of eight and a
30 half hours per day or two hundred and twenty days per year or to fund summer programs. If a district chooses to fund summer
31 enrollment, the program funding shall conform to the funding in this act for full year programs; however, it shall be reduced on a pro
32 rata basis to conform with the length of the program. A summer program shall be no more than eight and a half hours per day and
33 shall be not more than ten weeks in length. The per pupil allocation and classroom grant must conform with the appropriated amount
34 contained in this act and end of year adjustments shall be based on the one hundred and thirty-five-day student average daily
35 membership or later student average daily membership for districts choosing to extend the program past one hundred and eighty
36 days. Funds may also be used to provide parent engagement, professional development and quality evaluations of programs. No

1 later than April first, the Department of Education and the Office of First Steps shall report to the Chairman of the Senate Finance
2 Committee and the Chairman of the House Ways and Means Committee on the expenditure of these funds to include the following
3 information: the amount of money used and specific steps and measures taken to enhance the quality of the 4K program and the
4 amount of money used for professional development as well as the types of professional development offered and the number of
5 participants. The Office of First Steps is directed to determine if the provision of extended programs in private centers improves the
6 ability of parents to enter the workforce or to pursue postsecondary training or industry credentials.

7 On or before November 15, the Department of Education and the Office of First Steps shall share data that identifies the total
8 number of children enrolled in CERDEP in both public and private providers. If available appropriations exceed the instructional
9 costs of serving children enrolled in the program and if a waiting list of eligible children can be documented by the Department of
10 Education and by the Office of First Steps, then the Executive Budget Office may authorize the transfer of funds between the
11 Department of Education and the Office of First Steps.

12 The Office of First Steps and the Department of Education shall collaborate with the South Carolina Head Start State Collaboration
13 Office to inform parents of all publicly funded full-day 4K programs including Head Start.

14 ~~For Fiscal Year 2022-23, in response to the COVID-19 crisis, children who were eligible to participate in the Child Early Reading~~
15 ~~Development and Education Program in the prior fiscal year but did not participate, shall be eligible to participate in the program~~
16 ~~during Fiscal Year 2022-23, subject to classroom availability and funding. Funding appropriated for CERDEP may be carried~~
17 ~~forward and expended for the same purpose.~~

22 reading camps that utilize volunteers, mentors or tutors to provide instructional support to struggling readers in elementary schools
23 that have a poverty index of forty percent or greater. All mentors and tutors that are a part of these after school programs or summer
24 reading camps must have passed a SLED criminal background check. Participant to volunteer or teacher ratio must conform to that
25 of the school district in which the program is located; and (3) the remainder on a per pupil allocation to each school district based on

30 at least an add-on literacy endorsement or who have documented and demonstrated substantial success in helping students
31 comprehend grade-level texts. The Department of Education shall assist districts that cannot find qualified teachers to work in the
32 summer camps. Districts may also choose to contract for the services of qualified instructors or collaborate with one or more districts
33 to provide a summer reading camp. Schools and school districts are encouraged to partner with county or school libraries, institutions
34 of higher learning, community organizations, faith-based institutions, businesses, pediatric and family practice medical personnel,

4 students who are not exhibiting reading proficiency at any grade and may charge fees for these students to attend the summer reading
5 camps based on a sliding scale pursuant to Section 59-19-90, except where a child is found to be reading below grade level in the
6 first, second or third grade. A parent or guardian of a student who does not substantially demonstrate proficiency in comprehending
7 texts appropriate for his grade level must make the final decision regarding the student's participation in the summer reading camp.

28 Section 1, VIII.A.3 shall include a weight of up to ten percent of the overall criteria to the development of higher order thinking skills
29 and critical thinking.

30 **1A.19.** (SDE-EIA: Accountability Program Implementation) To support implementation of the accountability program, the
31 Education Oversight Committee may carry forward unexpended Education Accountability Act funds authorized specifically for the
32 administration of the Education Oversight Committee. For the current fiscal year the Education Oversight Committee may carry forward
33 prior year ~~EIA South Carolina Community Block Grants for Education Pilot Program funds not awarded by the grant committee. These~~
34 ~~funds must be used for an independent common evaluation of each awarded grant to ensure high quality programs that maximize a~~
35 ~~return on the state's investment~~ for the Education Data Dashboard funds.

1 **1A.20.** (SDE-EIA: 4K Targeting) EIA funds allocated for the provision of four-year-old kindergarten shall be utilized for the
2 provision of services to age-eligible children in poverty, as defined in Proviso 1.3 of this act. Children with developmental delays
3 documented through state approved screening assessments or children with medically documented disabilities who do not already
4 qualify for special need services should also be considered for enrollment. In the event that more students seek to enroll than available
5 space permits, districts shall prioritize students (at the time of acceptance) on the basis of family income expressed as a percentage
6 of the federal poverty guidelines, with the lowest family incomes given the highest enrollment priority.

7 **1A.21.** (SDE-EIA: Reading) The funds allocated to the Department of Education for reading shall be used to provide districts
8 with research-based strategies and professional development and to work directly with schools and districts to assist with
9 implementation of research-based strategies. When providing professional development the department and school districts must
10 use the most cost effective method and when able utilize ETV to provide such services throughout the state. The department shall
11 establish measurements for monitoring impact on student achievement.

12 **1A.22.** (SDE-EIA: Professional Development) Of the funds appropriated for professional development, up to \$500,000 may be
13 expended for gifted and talented teacher endorsement and certification activities. The Department of Education must provide
14 professional development on assessing student mastery of the content standards through classroom, formative and end-of-year
15 assessments. The Department of Education also must post on the agency's website the South Carolina Professional Development
16 Standards and provide training through telecommunication methods to school leadership on the professional development standards.
17 The department is authorized to carry forward and expend professional development funds for the same purpose.

18 **1A.23.** (SDE-EIA: Assessments-Gifted & Talented, Advanced Placement, & International Baccalaureate Exams) Funds
19 appropriated and/or authorized for assessment shall be used for assessments to determine eligibility of students for gifted and talented
20 programs and for the cost of Advanced Placement, International Baccalaureate, and Cambridge International exams.

21 **1A.24.** (SDE-EIA: Adult Education) A minimum of thirty percent of the funds appropriated for adult education must be allocated
22 to school districts to serve adult education students between the ages of seventeen and twenty-one who are enrolled in programs
23 leading to a state high school diploma, state high school equivalency diploma (GED), or career readiness certificate. The remaining
24 funds will be allocated to districts based on a formula which includes factors such as target populations without a high school
25 credential, program enrollment the previous school year, number of students making an educational gain the previous school year,
26 and performance factors such as number of high school credentials and career readiness certificates awarded the previous school
27 year. Overall levels of state funding must meet the federal requirement of state maintenance of effort. Each school district must
28 collect information from both the student and the school including why the student has enrolled in Adult Education and whether or
29 not the student is pursuing a GED or Diploma. The school district must then provide a quarterly report to the Department of Education
30 and must include the unique student identifier. The department, in turn, will provide summary information to the House Ways and
31 Means Committee, the House Education and Public Works Committee, the Senate Finance Committee and the Senate Education
32 Committee on the information. Up to a maximum of \$300,000 of funds may be used to establish an initiative by which qualifying
33 adult education students may qualify for a free high school equivalency test. The Department of Education shall establish guidelines
34 for the free high school equivalency testing initiative.

35 **1A.25.** (SDE-EIA: Clemson Agriculture Education Teachers) The funds appropriated in Part IA, Section VIII.F. for Clemson
36 Agriculture Education Teachers must be transferred to Clemson University PSA to fund summer employment of agriculture teachers

1 and to cover state-mandated salary increases on that portion of the agriculture teachers' salaries attributable to summer employment.
 2 If sufficient funds remain, Clemson University PSA may utilize such funds for a Regional Coordinator.

3 **1A.26.** (SDE-EIA: Full-Day 4K) ~~Beginning with the current fiscal year, eligible~~ *Eligible* students residing in any school district
 4 *or attending any charter school authorized by the South Carolina Public Charter School District or any approved institution of*
 5 *higher education* may participate in the South Carolina Early Reading Development and Education program (CERDEP) pending the
 6 availability of space and funding. Student eligibility as defined by Section 59-156-130 of the 1976 Code is an annual family income
 7 of one hundred eighty-five percent or less of the federal poverty guidelines as promulgated annually by the United States Department
 8 of Health and Human Services or a statement of Medicaid eligibility.

9 A parent or guardian may choose to enroll their child in a public school participating in the program and approved by the
 10 Department of Education pursuant to Section 59-156-210 or in a private provider participating in the program and approved by the
 11 Office of First Steps pursuant to Section 59-156-200. A private provider includes, but is not limited to, a child care center, a military
 12 child care facility regulated by the United States Department of Defense, or a non-profit independent school. State funds appropriated
 13 for the provision of CERDEP services in military child care facilities may not be used to supplant existing federal child care funds.

14 ~~Beginning with the current fiscal year,~~ 4K programs in public schools and non-profit independent schools participating in CERDEP
 15 are not required to be approved, registered, or licensed by the Department of Social Services in order to participate in CERDEP.
 16 Instead, the Department of Education and the Office of First Steps are responsible for ensuring that providers deliver high-quality
 17 educational programs pursuant to Section 59-156-160.

18 Public and private providers shall be funded for instructional costs at a minimum rate of ~~\$4,800~~ *\$5,100* per student enrolled.
 19 Eligible students enrolling during the school year or withdrawing during the school year shall be funded on a pro rata basis determined
 20 by the length of their enrollment. Private providers transporting eligible children to and from school shall also be eligible for
 21 reimbursement at a minimum of ~~\$587~~ *\$620* per eligible child transported. First Steps and the Department of Education must provide
 22 an equitable distribution above the minimum between public and private providers. First Steps and the Department of Education
 23 must provide a quarterly report beginning October 1 detailing funding above the minimum made to any provider to the Governor,
 24 the Chairman of the Senate Finance Committee, and the Chairman of the House Ways and Means Committee. All providers who are
 25 reimbursed are required to retain records as required by their fiscal agent. New providers participating for the first time in the current
 26 fiscal year and enrolling between one and six eligible children shall be eligible to receive ~~up to~~ *a minimum of* \$1,000 per child in
 27 materials and equipment funding, with providers enrolling seven or more such children eligible for funding ~~not to exceed~~ *at a*
 28 *minimum of* \$10,000. The Department of Education and the Office of First Steps Readiness are authorized to utilize carry forward
 29 funds and federal funds to supplement the amount expended for materials and equipment. Providers receiving equipment funding
 30 are expected to participate in the program and provide high-quality, center-based programs as defined herein for a minimum of three
 31 years. Failure to participate for three years will require the provider to return a portion of the equipment allocation at a level
 32 determined by the Department of Education and the Office of First Steps to School Readiness. Funding to providers is contingent
 33 upon receipt of data as requested by the Department of Education and the Office of First Steps. The Department of Education shall
 34 only provide funding for public school students whose complete records have been entered into PowerSchool based on the one
 35 hundred and thirty-five day student average daily membership. For the current fiscal year, providers may enroll pay-lunch children
 36 who score at or below the twenty-fifth national percentile on two of the three DIAL-3 subscales by July 1 if at least seventy-five

1 percent of the total number of children eligible for the Child Early Reading Development and Education Program in a district or
2 county are projected to be enrolled in that program, Head Start, or ABC Child Care Program as determined by the Department of
3 Education and the Office of First Steps, Child Early Reading Development and Education Program. Providers may receive
4 reimbursement for these children if funds are available. The Department of Education is required to offer waivers allowing students
5 with disabilities to be served in multi-categorical classrooms settings based on similar cognition and abilities. Funding appropriated
6 for CERDEP may be carried forward and expended for the same purpose.

7 Annually, the Department of Education is directed to audit the annual allocations to public providers to ensure that allocations are
8 accurate and aligned to the appropriate pro rata per student allocation, materials, and equipment funding. In the event the department,
9 during the audit process determines that the annual allocations of the prior fiscal year are not accurate, the department must adjust
10 the allocations for the current fiscal year to account for the audit findings. The department must provide the results of the annual
11 audit findings to the General Assembly no later than December first. Likewise, in the event the Office of First Steps determines that
12 the annual allocations of the prior fiscal year to private providers are not accurate, the Office of First Steps must adjust the allocations
13 for the current fiscal year to account for the findings.

14 Of the funds appropriated, \$300,000 shall be allocated to the Education Oversight Committee to conduct an annual evaluation of
15 the South Carolina Child Development Education Pilot Program and to issue findings in a report to the General Assembly by March
16 first of each year. To aid in this evaluation, the Education Oversight Committee shall determine the data necessary and both public
17 and private providers are required to submit the necessary data as a condition of continued participation in and funding of the program.
18 This data shall include developmentally appropriate measures of student progress. Additionally, the Department of Education shall
19 issue a unique student identifier for each child receiving services from a private provider. The Department of Education shall be
20 responsible for the collection and maintenance of data on the public state funded full day and half-day four-year-old kindergarten
21 programs. The Office of First Steps to School Readiness shall be responsible for the collection and maintenance of data on the state
22 funded programs provided through private providers. The Education Oversight Committee shall use this data and all other collected
23 and maintained data necessary to conduct a research based review of the program's implementation and assessment of student success
24 in the early elementary grades along with information, recommendations, and a timeline for how the state can increase the number
25 of students served in high-quality programs.

26 For each school district that chooses not to participate in CERDEP, the district shall receive the same amount of EIA funds as
27 allocated in the prior fiscal year for the provision of a half-day 4K program from the funds appropriated to the Department of
28 Education for CERDEP or from any funds carried forward from the prior fiscal year to CERDEP. For eligible children residing in
29 school districts that do not participate in CERDEP, the Department of Education is required to develop and implement inter-district
30 transfer policies that give parents or guardians the option of their eligible child attending an out-of-district school that participates in
31 CERDEP.

32 For the current fiscal year, the Office of First Steps may expend: (1) up to \$2,000,000 to pilot a program to provide higher
33 reimbursement rates to high-quality ~~child care centers~~ providers. The reimbursement rate for students enrolled by child care
34 providers rated B or higher in the ABC Quality System operated by the Department of Social Services may be increased by up to
35 10% of the per-student base following guidelines developed by the Office of First Steps; and (2) up to ~~\$100,000~~ \$250,000 to provide
36 one-time supplemental, needs-based incentive grants in an amount not to exceed \$30,000 for newly created and/or newly approved

1 private providers proposing to expand service to ten or more CERDEP eligible children in communities unable to enroll all eligible
2 students in a public, private, or Head Start setting during the prior fiscal year. These grants are designed to address building
3 renovations, documented as necessary to bring proposed classrooms into compliance with licensing regulations, materials and
4 staffing costs, and/or other obstacles currently preventing their participation in the program. The First Steps Board of Trustees shall
5 develop and approve an application process that incorporates formal review and fiscal safeguards designed to ensure grant funds are
6 used solely to address documented barriers to program participation. Providers receiving this one-time supplement shall be expected
7 to participate in the program and provide high-quality, center-based programs as defined herein for a minimum of three years. Failure
8 to participate for three years shall require the provider to return a portion of the supplemental allocation at a level determined by the
9 Office of First Steps to School Readiness. First Steps shall submit a report detailing its process, expenditures and expanded
10 enrollment to the Chairman of the House Ways and Means Committee and the Chairman of the Senate Finance Committee by March
11 15; and (3) up to \$1,000,000 may be used to provide grants to public-private partnerships to address building renovations and designs
12 necessary to get the building and classrooms into compliance with licensing regulations and other obstacles that prevent participation
13 in CERDEP following guidelines developed by the Office of First Steps. Providers participating in this pilot shall be expected to
14 participate in the program and provide high-quality, center-based programs as defined herein for a minimum of three years. Failure
15 to participate for three years shall require the provider to return a portion of the supplemental allocation at a level determined by the
16 Office of First Steps.

17 If by August first, the Department of Education or the Office of First Steps determines that appropriations will exceed expenditures,
18 available funds may be used to fund an extended program and to increase the length of the program to a maximum of eight and a
19 half hours per day or two hundred and twenty days per year or to fund summer programs. If a district chooses to fund summer
20 enrollment, the program funding shall conform to the funding in this act for full year programs; however, it shall be reduced on a pro
21 rata basis to conform with the length of the program. A summer program shall be no more than eight and a half hours per day and
22 shall be not more than ten weeks in length. The per pupil allocation and classroom grant must conform with the appropriated amount
23 contained in this act and end of year adjustments shall be based on the one hundred and thirty-five-day student average daily
24 membership or later student average daily membership for districts choosing to extend the program past one hundred and eighty
25 days. Funds may also be used to provide parent engagement, professional development and quality evaluations of programs. No
26 later than April first, the Department of Education and the Office of First Steps shall report to the Chairman of the Senate Finance
27 Committee and the Chairman of the House Ways and Means Committee on the expenditure of these funds to include the following
28 information: the amount of money used and specific steps and measures taken to enhance the quality of the 4K program and the
29 amount of money used for professional development as well as the types of professional development offered and the number of
30 participants. The Office of First Steps is directed to determine if the provision of extended programs in private centers improves the
31 ability of parents to enter the workforce or to pursue postsecondary training or industry credentials.

32 On or before November 15, the Department of Education and the Office of First Steps shall share data that identifies the total
33 number of children enrolled in CERDEP in both public and private providers. If available appropriations exceed the instructional
34 costs of serving children enrolled in the program and if a waiting list of eligible children can be documented by the Department of
35 Education and by the Office of First Steps, then the Executive Budget Office may authorize the transfer of funds between the
36 Department of Education and the Office of First Steps.

1 The Office of First Steps and the Department of Education shall collaborate with the South Carolina Head Start State Collaboration
2 Office to inform parents of all publicly funded full-day 4K programs including Head Start.

3 ~~—For Fiscal Year 2022-23, in response to the COVID-19 crisis, children who were eligible to participate in the Child Early Reading~~
4 ~~Development and Education Program in the prior fiscal year but did not participate, shall be eligible to participate in the program~~
5 ~~during Fiscal Year 2022-23, subject to classroom availability and funding. Funding appropriated for CERDEP may be carried~~
6 ~~forward and expended for the same purpose.~~

7 **1A.27.** (SDE-EIA: Centers of Excellence) Of the funds appropriated for Centers of Excellence, \$350,000 must be allocated to the
8 Francis Marion University Center of Excellence to Prepare Teachers of Children of Poverty to expand statewide training for
9 individuals who teach children of poverty through weekend college, nontraditional or alternative learning opportunities.

10 **1A.28.** (SDE-EIA: Career Cluster Industry Partnerships) From the funds appropriated to the Department of Education, \$800,000
11 must be provided as direct grants to the private sector statewide trade association or educational foundation providing nationally
12 certified programs in career and technology education representing the automotive, construction, engineering, healthcare, mechanical
13 contracting/construction, and hospitality tourism career clusters. Organizations applying for a grant must do so by July thirty-first
14 and the Department of Education must award a minimum of one grant of at least \$150,000 in at least four of these specified career
15 clusters to be used exclusively for career and technology education. The recipient industry organization must conduct end-of-course
16 exams graded by a national industry organization and must include in their grant request how the money will be spent in direct
17 support of students to further industry-specific career technology education; a description and history of their program nationally and
18 within South Carolina; estimates of future employment growth in their industry; and the national scope of their program. By August
19 first of the following year, the organization must submit to the department a report detailing how the grant increased
20 industry/employer awareness; the number of increased schools using the industry-based curriculum and partnered with the industry
21 organization; the increased number of students in the program; and an overview and analysis of the organization's statewide student
22 competition. The grant must be used for career awareness programs for that industry cluster; statewide student competitions leading
23 to national competitions; teacher development and training; post-secondary scholarships in industry-specific degree programs;
24 student recruitment into that career cluster programs; programs to educate middle and high school Career or Guidance Counselors
25 about the industry; service to disadvantaged youth; and administering business/employer awareness and partnerships which help lead
26 to experience-based, career-oriented experiences including internships, apprenticeships, mentoring, co-op education and service
27 learning. The Office of Career and Technology Education of the department will develop goals with each career cluster on the
28 number of new schools using the industry-based curriculum and partnered with that career cluster organization. These funds may
29 not be used to supplant or replace, in whole or in part, other existing resources/assets sourced outside the present grant being used to
30 provide the same services or programs. Organizations may carry-over grants for up to three years when a large project is identified
31 in the grant application to be used at a future date; otherwise excess funds must be returned to the state. Organizations awarded must
32 submit a semi-annual programmatic and financial report on the last day of December in addition to the final report due August first
33 that has been audited by a third party accounting firm.

34 **1A.29.** (SDE-EIA: Partnerships/Other Agencies & Entities) For the current fiscal year, agencies and other entities receiving funds
35 appropriated in Part IA, Section 1, VIII. F. will continue to report annually to the Education Oversight Committee (EOC). Any entity
36 receiving funds that must flow through a state agency will receive those funds through the EOC, unless requested in writing by the

2 of the agency's annual budget request.

3 **1A.30.** (SDE-EIA: ETV Teacher Training/Support) Of the funds appropriated in Part IA, Section 1, VIII.F. South Carolina

5 districts.

6 **1A.31.** (SDE-EIA: Teacher Salaries/SE Average) The projected Southeastern average teacher salary shall be the average of the
7 average teachers' salaries of the southeastern states as projected by the Revenue and Fiscal Affairs Office. For the current school
8 year, the Southeastern average teacher salary is projected to be ~~\$55,898~~ \$58,048. The General Assembly remains desirous of raising
9 the average teacher salary in South Carolina through incremental increases over the next few years so as to make such equivalent to
10 the national average teacher salary.

11 Additionally, for the current fiscal year, a local school district board of trustees must increase the salary compensation for all
12 eligible certified teachers employed by the district by no less than one year of experience credit using at a minimum the district salary
13 schedule utilized the prior fiscal year as the basis for providing the step. Application of this provision must be applied uniformly for
14 all eligible certified teachers. For Fiscal Year ~~2022-23~~ 2023-24, the requirement that school districts maintain local salary
15 supplements per teacher no less than their prior fiscal year level is suspended.

16 For purposes of this provision, teachers shall be defined by the Department of Education using the Professional Certified Staff
17 (PCS) System.

18 **1A.32.** (SDE-EIA: PowerSchool Dropout Recovery Data) With the funds appropriated to the Department of Education for
19 PowerSchool and data collection, the department will begin in the current fiscal year to collect data from schools and school districts
20 on the number of students who had previously dropped out of school and who reenrolled in a public school or adult education to
21 pursue a high school diploma. The Education Oversight Committee working with the Department of Education will determine how
22 to calculate a dropout recovery rate that will be reflected on the annual school and district report cards. The department may carry
23 forward and expend the funds for the same purpose.

24 **1A.33.** (SDE-EIA: Assisting, Developing and Evaluating Professional Teaching -ADEPT) With funds appropriated in the current

28 as supervisors for full-time students completing education degree requirements. Unexpended funds appropriated for this purpose
29 may be carried forward from the prior fiscal year into the current fiscal year and expended for the same purposes.

30 **1A.34.** (SDE-EIA: Educational Partnerships) The funds provided to the Center for Educational Partnerships at the College of
31 Education at the University of South Carolina will be used to create a consortium of educational initiatives and services to schools
32 and communities. These initiatives will include, but are not limited to, professional development in writing, geography and other
33 content areas; training; research; advocacy; and practical consultancy. The Center will establish collaborative educational enterprises
34 with schools, school districts, parents, communities, and businesses while fulfilling the responsibilities of the School Improvement
35 Council Assistance. The Center will focus on connecting the educational needs and goals of communities to improve efficiency and
36 effectiveness.

1 **1A.35.** (SDE-EIA: STEM Centers SC) All EIA-funded entities that provide professional development and science programming

3 **1A.36.** (SDE-EIA: EOC Partnerships for Innovation) Of the funds appropriated or carried forward from the prior fiscal year, the
4 Education Oversight Committee is directed to participate in public-private partnerships to promote innovative ways to transform the
5 assessment of public education in South Carolina that support increased student achievement in reading and college and career
6 readiness. The Education Oversight Committee may provide financial support to districts and to public-private partnerships for
7 planning and support to implement, sustain and evaluate the innovation and to develop a matrix and measurements of student
8 academic success based on evidence-based models. These funds may also be used to support the innovative delivery of science,
9 technology, and genetic education and exposure to career opportunities in science, including mobile science laboratory programs, to
10 students enrolled in the Abbeville equity school districts and students in high poverty schools. These funds may also focus on
11 creating public-private literacy partnerships utilizing a 2:1 matching funds provision when the initiative employs research-based
12 methods, has demonstrated success in increasing reading proficiency of struggling readers, and works directly with high poverty
13 schools and districts. The committee will work to expand the engagement of stakeholders including state agencies and boards like
14 the Educational Television Commission, businesses, and higher education institutions. The committee shall annually report to the
15 General Assembly on the measurement results.

16 **1A.37.** (SDE-EIA: Aid to Districts Draw Down) For the current fiscal year, in order to draw down funds appropriated in Part IA,
17 Section 1, VIII.A.1, Aid to Districts, school districts, Palmetto Unified District and the Department of Juvenile Justice must work
18 with local law enforcement agencies and fire marshals, and when necessary, state law enforcement agencies and the Office of the
19 State Fire Marshal in order to ensure that the district has updated school safety and fire plans in place. The safety and fire plans must
20 include safety directives in the classroom, a safe student and staff exit strategy and necessary safety staff. Notice of completion of
21 the updated plans must be submitted to the Department of Education no later than September first, of the current fiscal year. In the
22 current fiscal year, school districts may continue to negotiate with local law enforcement for the provision of School Resource
23 Officers. The department must report to the Chairman of the House Ways and Means Committee, the Chairman of the House
24 Education and Public Works Committee, the Chairman of the Senate Finance Committee and the Chairman of the Senate Education
25 Committee by September thirtieth, of the current fiscal year, on any districts that failed to submit an updated plan.

26 **1A.38.** (SDE-EIA: Education and Economic Development Act Carry Forward) Funds provided for the Education and Economic

28 districts, and special schools.

29 **1A.39.** (SDE-EIA: EEDA Regional Education Centers) Funds appropriated from the EEDA for Regional Education Centers must
30 not be less than \$108,500.

31 **1A.40.** (SDE-EIA: ~~Teach for America SC *Evaluation Data*~~) ~~Because Teach For America SC receives EIA funds in the current~~
32 ~~fiscal year, school districts that partner with Teach For America SC are required to provide to Teach For America SC by September~~
33 ~~first annually, information on the prior year’s academic achievement of students who were directly taught by Teach For America~~
34 ~~corps members. The information must be in a format that protects the identity of individual students and must include state~~

1 provide direct services to schools or school districts. All EIA-funded programs or initiatives are required to collaborate with and
2 submit to the Education Oversight Committee information needed to match the summative data with the direct services provided.
3 The data-sharing agreement entered into by the two agencies must define how the summative assessment data will be analyzed to
4 determine the impact of the EIA-funded program or initiative and how the analysis will be shared with the Department of Education
5 and with the General Assembly pursuant to Sections 59-6-10 and 59-6-110.

9 used for central office related administrative purposes, with the remaining funds used to directly provide services through the
10 Parent-School Partnership Program.

11 On a quarterly basis, the South Carolina Autism Society shall submit to the Chairmen of the Senate Finance Committee and the

24 periodic evaluations of the institutions currently hosting a Teaching Fellows (TF) program and ensure that the TF programs at the
25 current host institutions continue to meet the requirements for a TF program as set forth by the CERRA Board of Directors. Further,
26 CERRA will continue implementing a long-range plan for approving additional TF programs at other public, four-year institutions
27 who wish to be considered to host a TF program, provided the proposed programs meet the requirements set forth by the CERRA
28 Board of Directors. CERRA will publish TF program criteria and requirements prominently on its website. Any institution who
29 applies but is not selected to host a TF program will be informed in writing of the basis for the selection decision and be offered
30 technical support if the institution elects to reapply. Any institution that applies but is not selected to host a TF program may appeal
31 to the Commission on Higher Education.

33 Public Charter School District or a registered Institution of Higher Education, the sponsor must require each charter school to submit
34 a student attendance report for the 5th, 45th, 90th and 135th days. Reporting requirements shall include both Average Daily Membership
35 and Weighted Pupil Unit membership. The South Carolina Public Charter School District or a registered Institution of Higher
36 Education shall then provide the data for each charter school to the Department of Education. Quarterly, the department will submit

1 the information to the House Ways and Means Committee, the House Education and Public Works Committee, the Senate Finance
2 Committee and the Senate Education Committee.

3 The South Carolina Public Charter School District or a registered Institution of Higher Education must also require each virtual
4 charter school to collect the following information: (1) the reason or reasons why each student enrolled in the virtual charter school
5 district from both the parent(s) and the referring school district; and (2) the reason or reasons why a student withdrew from the virtual
6 charter school district. This data must be provided to the Department of Education quarterly and must include the unique student

17 Educator Recruitment, Retention, and Advancement (CERRA) to recruit and retain classroom educators in rural and underserved
18 districts experiencing excessive turnover of classroom teachers on an annual basis.

19 (B) During the current fiscal year CERRA shall publish eligibility requirements and applications for individual educators, school
20 districts, and institutions of higher education not inconsistent with existing licensure requirements for each, but also including:

21 (1) Eligible districts identified by CERRA as experiencing greater than eleven percent average annual teacher turnover, as
22 reported on the districts' five most recent district report cards issued by the South Carolina Department of Education and are not one
23 of the fifteen wealthiest districts based on the index of taxpaying ability, may make application to participate in the program.

24 (2) Individuals eligible for incentives shall be willing to provide instructional services in an eligible district in exchange for
25 participation in an incentive detailed in item (C) of this section, pursuant to the obligations and restrictions stated for each.

26 (3) Institutions of higher education eligible to receive education funding as a component of recruiting incentives created
27 pursuant to item (C) of this section shall not be excluded from participation in Teaching Fellows Program.

28 (4) Any incentives requiring individuals to relocate into an eligible district to provide instructional services shall not be made
29 available to individuals providing instructional services in other eligible districts.

30 (C) Pursuant to item (A), CERRA shall develop a set of incentives including, but not limited to, salary supplements, education
31 subsidies, loan forgiveness, professional development, and mentorship to be provided to classroom educators that offer instructional
32 services in eligible districts and shall provide incentive options for eligible individuals at all stages of their careers, including
33 high-school and college or university students interested in entering the teaching profession and including individuals entering the
34 field through an alternative certification pathway to include, but not limited to, PACE, ABCTE, Teach for American and CATE
35 Work-Based Certification.

36 At a minimum, the incentives shall include:

- 1 (1) Development of a program for forgiveness of undergraduate student loans, not to exceed \$5,000 per year, for up to 7 years,
2 for teachers participating in this incentive that achieve certification through an alternative pathway or who have a loan from an
3 institution other than the South Carolina Student Loan Corporation or program other than the South Carolina Teachers Loan Program.
- 4 (2) Development of a forgivable loan program for individuals pursuing graduate coursework in furtherance of a teaching
5 career, including enrollment in graduate-level coursework necessary to seek additional credentialing or certification relevant to the
6 participant's teaching practice, or individuals seeking an alternative pathway to certification as a teacher.
- 7 (3) Support for the establishment and maintenance of a teaching mentorship program, including salary supplements for
8 teaching mentors not to exceed \$2,500 per year.
- 9 (4) Other technical support and recruiting incentives as developed by CERRA in conjunction with the Department of Education
10 and the Education Oversight Committee consistent with the objectives of this section.
- 11 (D) In addition to eligibility and application requirements, CERRA shall develop a process for recovering an amount equal to the
12 incentives given to individual participants who fail to comply with the obligations associated with a relevant incentive in which they
13 participate including, but not limited to, failure to complete a prescribed course of study, failure to obtain a relevant certification or
14 licensure upon completion of a course of study, or failure to provide instructional services in an eligible district for a prescribed
15 period of time.
- 16 (E) CERRA shall report by July thirty-first of the current fiscal year to the Governor, President of the Senate, and Speaker of the
17 House on the incentives developed pursuant to item (C) of this section and make recommendations for attracting and retaining high
18 quality teachers in rural and underserved districts. The report shall contain at a minimum eligibility requirements and application
19 processes for districts and individuals, descriptions of and proposed budgets for each incentive program and an analysis of the number
20 and demographics of individuals potentially eligible for each.
- 21 (F) Funds appropriated or transferred for use in the Rural Teacher Recruiting Incentive may be carried forward from prior fiscal
22 years and used for the same purpose.
- 23 **1A.46.** (SDE-EIA: Project Read) Of the funds appropriated in Section 1A. VIII.A.3. for Reading, \$500,000 must be used for
24 teacher in-service training and professional development related to Project Read. The department may set accountability guidelines
25 to ensure that funds are spent in accordance with the proviso.
- 26 **1A.47.** (SDE-EIA: Reading/Literacy Coaches) (A) For the current fiscal year, of the funds appropriated for Reading/Literacy
27 Coaches, the Department of Education shall retain up to \$14,000,000 to be expended for the Palmetto Literacy Project. The
28 Department shall identify schools in the Palmetto Literacy Project that have one-third or more of its third grade students scoring at
29 the lowest achievement level on the statewide summative English language arts assessment. For each school identified and
30 participating in the Palmetto Literacy Project in the prior school year, the Department of Education shall provide, at a minimum, the
31 following support: provision of reading specialists, professional learning, and curriculum resources based on the science of reading.
32 The reading specialist/coaches provided to the Palmetto Literacy Project schools shall be hired and evaluated annually by the
33 Department of Education.
- 34 (B) The balance of funds appropriated to the Department for Reading/Literacy Coaches shall be allocated to school districts for
35 schools not included in the Palmetto Literacy Project to support reading instruction and interventions which may include, but not be

1 limited to, hiring reading/literacy coaches, interventionists, or professional development based on the science of reading. Expenditure
2 of funding must be included in the district reading plan approved by the Department of Education.

3 (C) These funds must be allocated to school districts by the Department of Education as follows: for each primary and elementary
4 school, the school district shall be eligible to receive up to \$62,730 or the actual cost of salary and benefits for a full-time
5 reading/literacy coach.

6 (D) By accepting these funds, a school district warrants that they will not be used to supplant existing school district expenditures,
7 except for districts that either are currently, or in the prior fiscal year, were paying for reading/literacy coaches with local funds. A
8 district may only utilize these funds to employ reading/literacy coaches that may serve in a primary, elementary, or middle school or
9 a combination of these schools depending on the area of highest need in the district except in the event that the district can request
10 and receive a waiver from the Department of Education to expend the funds on interventionists who spend more than fifty percent
11 of their time providing direct support to struggling readers in grades kindergarten through grade five. The school district must align
12 the placement of coaches to the district reading plan that is approved by the department.

13 (E) Funds appropriated for reading/literacy Coaches are intended to be used to provide primary, elementary, and/or middle
14 schools with reading/literacy coaches who shall serve according to the provisions in Chapter 155 of Title 59.

15 (F) Schools and districts accepting funding to support a coaching position agree that the reading/literacy coach must not serve as
16 an administrator. If the department finds that school districts are using these funds for administrative costs as defined in statute they
17 must withhold that districts remaining balance of funds allocated pursuant to this proviso.

18 (G) The Department of Education must publish guidelines that define the minimum qualifications for a reading/literacy coach.
19 These guidelines must deem any licensed/certified teacher qualified if, at a minimum, he or she:

- 20 (1) holds a bachelor's degree or higher and an add-on endorsement for literacy coach or literacy specialist; or
- 21 (2) holds a bachelor's degree or higher and is actively pursuing the literacy coach or literacy specialist endorsement; or
- 22 (3) holds a master's degree or higher in reading or a closely-related field.

23 Within these guidelines, the Department of Education must assist districts in identifying a reading/literacy coach in the event that
24 the school is not successful in identifying and directly employing a qualified candidate.

25 (H) The Department of Education shall require:

26 (1) any school district receiving funding to identify the name and qualifications of the supported reading/literacy coach; as
27 well as the school in which the coach is assigned; and

28 (2) any school district receiving funding to account for the specific amounts and uses of such funds.

29 (I) With the data reported by the school districts, the department shall report by January fifteenth of the current fiscal year on the
30 hiring of and assignment of reading/literacy coaches by school. The department shall also report the amount of funds that will be
31 used for Summer Reading Camps.

32 (J) Any unspent or unallocated funds may be carried forward and expended for Summer Reading Camps.

33 **1A.48.** (SDE-EIA: Digital Instructional Materials) The Department of Education shall continue to create an instructional materials
34 list composed of those items (print and/or digital) that have received State Board of Education approval through the normal adoption
35 process. The department shall continue to work with the publishers of instructional materials to ensure that districts have options for
36 print/digital student materials to include class sets of print student editions, if needed. Funds appropriated for the purchase of

1 instructional materials (print/digital) may be used for reimbursing school districts to offset the costs of refurbishing science kits on
2 the state-adopted instructional materials inventory, purchasing new kits or those adopted as supplemental from the central textbook
3 depository, or a combination of refurbishment and purchase. The refurbishing cost of kits may not exceed the cost of the
4 state-adopted refurbishing kits plus a reasonable amount for shipping and handling. Costs for staff development, personnel costs,
5 equipment, or other costs associated with refurbishing kits on state inventory are not allowable costs. Funds provided for Instructional
6 Materials may be carried forward from the prior fiscal year into the current fiscal year to be expended for the same purposes by the
7 department, school districts, and special schools. These funds are not subject to flexibility.

8 **1A.49.** (SDE-EIA: 4K Early Literacy Competencies Assessments) Of the funds carried forward from the full-day 4K program
9 from the previous fiscal year, the Department of Education is authorized to expend up to \$800,000 on assessments and professional
10 development to analyze the early literacy competencies of children in publicly funded prekindergarten. If these funds are not
11 available, funds appropriated and/or authorized for assessment shall be used to administer the prekindergarten assessments. The
12 department shall manage the administration of assessments that analyze the early literacy and language development of children in
13 publicly funded prekindergarten as done in the prior fiscal year. Each school district and private provider participating in a publicly
14 funded prekindergarten program will administer one of the formative assessments selected by the department to each child eligible
15 for and enrolled in a publicly funded prekindergarten program during the first forty-five days of the school year and during the last
16 forty-five days of the school year. Accommodations that do not invalidate the results of these assessments must be provided in the
17 manner set forth by the student's Individualized Education Program or 504 Accommodations Plan and for students who are Limited
18 English Proficient according to their LEP Plan. The department will provide the assessment data to the Education Oversight
19 Committee. The results of the assessment and the developmental intervention strategies recommended or services needed to address
20 the child's identified needs must also be provided, in writing, to the parent or guardian. The assessment may not be used to deny a
21 student to admission to prekindergarten.

22 Furthermore, up to \$2,000,000 of the funds appropriated for half-day programs for four-year-olds and funds carried forward from
23 assessment must be expended by the Department of Education to administer the Kindergarten Readiness Assessment (KRA) to each
24 child entering kindergarten in the public schools. The assessment of kindergarten students must be administered at a minimum of
25 once during the first forty-five days of the school year with the results collected by the department. The results of the assessments
26 and the developmental intervention strategies recommended or services needed to address each child's identified needs must also be
27 provided, in writing, to the parent or guardian. The assessment may not be used to deny a student admission to kindergarten.
28 Accommodations that do not invalidate the results of these assessments must be provided in the manner set forth by the student's
29 Individualized Education Program, 504 Accommodations Plan, or LEP Plan. Districts are given the option of designating up to two
30 days of the one hundred eighty day school calendar to administer the assessment to kindergarten students. The department will also
31 provide the results of the assessment of kindergarten students to the Education Oversight Committee. With available funds, the
32 department will also provide or secure training for appropriate educators in how to administer the assessment.

33 For all students assessed with the Kindergarten Readiness Assessment (KRA), the Department of Education is required to collect
34 data from schools and school districts on the prior early learning experience of each student. The data would include whether the
35 kindergartener had attended in the prior school year a Head Start program, a South Carolina Early Reading Development and

1 Education Program in a public school or a private center, a half-day 4K program in a public school, a full-day 4K program in a public
2 school, a child care center (registered faith-based, registered family home, group home, or exempt provider) or informal child care.

3 **1A.50.** (SDE-EIA: Industry Certifications/Credentials) Of the funds appropriated for Industry Certifications/Credentials,
4 \$3,000,000 must be allocated to school districts based upon the number of national industry exams administered in the prior school
5 year with each district receiving a base amount of \$10,000. The department will identify the national industry exams that will be
6 funded based upon the job availability in the state. School districts may carry forward funds from the prior fiscal year into the current
7 fiscal year and expend the funds for the cost of national industry exams. The department shall work with the Department of
8 Commerce, the Department of Employment and Workforce, state and local chambers of commerce and economic development
9 offices and the Tech Board to ensure that students are aware of the industry required credentials for current job availability in the
10 state organized by region. Any additional funds appropriated must be allocated to school districts based upon the number of national
11 industry exams/credentials earned in the prior school year, and districts must expend these funds to pay for the cost of industry exams
12 or to support students in preparing for the exams in the current fiscal year.

13 **1A.51.** (SDE-EIA: Career and Technology Education) Funds Of the funds appropriated for Career and Technology Education,
14 multi-district careers centers that received funds in Fiscal Year 2022-23 from the State Aid to Classrooms line item shall receive in
15 the current fiscal year at least \$2,500,000 and in subsequent years an amount adjusted for actual student enrollment. The balance
16 of funds appropriated for Career and Technology Education will be distributed to school districts and multi-district career centers
17 based on the prior year actual student enrollment for career and technology education courses, with no district or multi-district career
18 center receiving less than \$50,000. Funds may be expended for the purchase of career and technical equipment, the up fitting of
19 facilities and the purchase of consumables, regional career specialists, and such evidence-based initiatives like High Schools that
20 Work and Project Lead the Way. Each district must include in the district plan submitted to the Office of Career and Technology
21 Education information on other career and technical equipment available. The district must include, at a minimum, equipment
22 located at the career center and at the technical college, information on the alignment of equipment to current industry jobs and needs
23 in the state as recommended by career and technical program advisory committees. District plans must include charter schools within
24 the school district offering at least one career and technical education completer program. School districts and career centers may
25 carry forward unexpended funds to be used for the same intended purposes to up fit career and technical facilities and replace career

4 authorized to use up to \$300,000 to develop a data system to house post-certification data and employment for Education Preparation
5 Provider (EPP) completers in accordance with S.C. Code Reg. 43-90. The system must provide the department with the ability to
6 collect, store, and disseminate data elements needed for national accreditation of providers. Such data shall be exempted from
7 disclosure under Section 30-4-40 of the 1976 Code, the South Carolina Freedom of Information Act.

3 by the clerk of court and sent on a monthly basis to the Commission on Indigent Defense. However, if a defendant fails to pay this
4 fee, this failure alone is not sufficient basis for incarceration for a probation violation. This assessment shall be collected and paid
5 over before any other fees.

6 **61.7.** (INDEF: Defense of Indigents Civil Action Application Fee) (A) A person requesting appointment of counsel in any
7 termination of parental rights (TPR), abuse and neglect, or any other civil court action in this state shall execute an affidavit that the

26 juvenile.

27 (D) Nothing contained above shall restrict or hinder a court from appointing counsel in any emergency proceedings or where
28 existing statutes do not provide sufficient time for an individual to complete the application process.

29 (E) The appointment of counsel, as herein before provided, creates a claim against the assets and estate of the person who is
30 provided counsel or the parents or legal guardians of a juvenile in an amount equal to the costs of representation as determined by a
31 voucher submitted by the appointed counsel and approved by the court, less that amount that the person pays to the appointed counsel.

32 (F) Such claim shall be filed in the office of the clerk of court in the county where the person is assigned counsel, but the filing

12 of the agency. This requirement shall not affect additional appropriation requests for public assistance payments or aid to entities.
13 This section does not apply to those agencies that have been exempted from the reporting requirements of the Human Affairs
14 Commission.

15 **117.14.** (GP: FTE Management) In order to provide the necessary control over the number of employees, the Executive Budget

21 (a) That within thirty days of the passage of the Appropriation Act or by August first, whichever comes later, each agency of
22 the State must have established on the Executive Budget Office records all positions authorized in the Act. Each agency may, upon

24 Office records as necessary to expend federal and other sources of personal service funds to conserve or stay within the state
25 appropriated personal service funds. No agency shall change funding sources that will cause the agency to exceed the authorized
26 number of state or total full-time equivalent positions. Each agency may transfer FTEs between programs as needed to accomplish
27 the agency mission.

28 (b) That by September thirtieth, the office shall prepare a FTE analysis, by agency, which shows the number of authorized,
29 filled, and vacant positions by source of funds for the current and two previously completed fiscal years. The office shall provide a
30 copy of each agency's FTE analysis to the Senate Finance and House Ways and Means Committees.

32 (a) The annual work hours for each FTE shall be the agency's full-time standard annual work hours.

33 (b) The state FTE shall be derived by multiplying the state percentage of budgeted funds for each position by the FTE for that
34 position.

35 (c) All institutions of higher education shall use a value of 0.75 FTE for each position determined to be full-time faculty with
36 a duration of nine months.

1 The FTE method of accounting shall be utilized for all authorized positions.

2 (4) That the number of positions authorized in this act shall be reduced in the following circumstances:

3 (a) Upon request by an agency.

5 (c) When the Executive Budget Office, through study or analysis, becomes aware of any unjustifiable excess of positions in
6 any state agency.

7 (5) That no new permanent positions in state government shall be funded by appropriations in acts supplemental to this act but
8 temporary positions may be so funded.

9 (6) That the provisions of this section shall not apply to personnel exempt from the State Classification and Compensation Plan
10 under item I of Section 8-11-260 of the 1976 Code.

11 The Governor, in making his appropriation recommendations to the Ways and Means Committee, must provide that the level of
12 personal service appropriation recommended for each agency is at least ninety-seven percent of the funds required to meet one
13 hundred percent of the funds needed for the full-time equivalents positions recommended by the Governor (exclusive of new
14 positions).

15 **117.15.** (GP: Allowance for Residences & Compensation Restrictions) That salaries paid to officers and employees of the State,
16 including its several boards, commissions, and institutions shall be in full for all services rendered, and no perquisites of office or of
17 employment shall be allowed in addition thereto, but such perquisites, commodities, services or other benefits shall be charged for
18 at the prevailing local value and without the purpose or effect of increasing the compensation of said officer or employee. The charge
19 for these items may be payroll deducted at the discretion of the Comptroller General or the chief financial officer at each agency
20 maintaining its own payroll system. This shall not apply to the Governor's Mansion, nor to guards at any of the state's penal
21 institutions and nurses and attendants at the Department of Disabilities and Special Needs, and registered nurses providing clinical
22 care at the MUSC Medical Center, nor to the Superintendent and staff of the Governor's School for Agriculture at John de la Howe,
23 nor to the cottage parents and staff of Wil Lou Gray Opportunity School, nor to full-time or part-time staff who work after regular
24 working hours in the SLED Communications Center or Maintenance Area, nor to adult staff at the Governor's School for Science
25 and Mathematics and the Governor's School for Arts and Humanities who are required to stay on campus by the institution because
26 of job requirements or program participation. Any state institution of higher learning may provide complimentary membership
27 privileges to employees who work at their wellness centers. The presidents of those state institutions of higher learning authorized
28 to provide on-campus residential facilities for students may be permitted to occupy residences on the grounds of such institutions
29 without charge.

30 Any state institution of higher learning may provide a housing allowance to the president in lieu of a residential facility, the amount
31 to be approved by the State Fiscal Accountability Authority.

32 That the following may be permitted to occupy residences owned by the respective departments without charge: the Farm Director,
33 Farm Managers, and Specialists employed at the Wateree River Correctional Institution; the South Carolina State Commission of

7 emergency medical personnel occupying residences owned by the University of South Carolina. Except in the case of elected
8 officials, the fair market rental value of any residence furnished to a state employee shall be reported by the state agency furnishing
9 the residence to the Agency Head Salary Commission, and the Department of Administration by October first of each fiscal year.

10 All salaries paid by departments and institutions shall be in accord with a uniform classification and compensation plan, approved
11 by the Department of Administration, applicable to all personnel of the State Government whose compensation is not specifically
12 fixed in this act. Such plan shall include all employees regardless of the source of funds from which payment for personal service is
13 drawn. The Department of Administration is authorized to approve temporary salary adjustments for classified and unclassified
14 employees who perform temporary duties which are limited by time and/or funds. When approved, a temporary salary adjustment
15 shall not be added to an employee's base salary and shall end when the duties are completed and/or the funds expire. Academic
16 personnel of the institutions of higher learning and other individual or group of positions that cannot practically be covered by the

25 monetary awards, if any, shall not be considered a part of an employee's base salary, a salary supplement, or a perquisite of
26 employment. The names of all employees receiving monetary awards and the amounts received shall be reported annually to the
27 Department of Administration.

28 In the case of lodging furnished by certain higher education institutions to employees, the prevailing local rate does not apply if
29 the institution meets the exceptions for inadequate rent described in the current Internal Revenue Code Section 119(d)(2). To meet
30 the exception, rental rates must equal the lesser of five percent of the appraised value of the qualified campus lodging, or the average
31 of the rentals paid by individuals (other than employees or students of the educational institution) during the calendar year for lodging
32 provided by the educational institution which is comparable to the qualified campus lodging provided to the employee, over the rent
33 paid by the employee for the qualified campus lodging during the calendar year. The appraised value shall be determined as of the

12 made only if the loss has resulted from actions by the employee deemed to be appropriate and in the line of duty by the agency head
13 and if the damaged or destroyed item is found by the agency head to be reasonable in value, and necessary for the employee to carry
14 out the functions and duties of his employment. Replacement of damaged or destroyed items shall not exceed \$250 per item, per
15 incident. Each agency must have guidelines to insure the reasonableness of the replacement payments.

16 **117.18.** (GP: Business Expense Reimbursement) Agency heads and deputy commissioners or deputy directors designated by

33 by the Comptroller General or the State Auditor. The employee shall also be reimbursed for the actual expenses incurred in the
34 obtaining of meals except that such costs shall not exceed \$35 per day within the State of South Carolina. For travel outside of South

19 reimbursed up to \$1,000 for payments made in the prior calendar year on outstanding law school loans. Reimbursements for law
20 school loan payments may be increased by up to \$1,000 for each additional year of continuous service; however, such reimbursements
21 shall not exceed \$5,000 in any year. The amount of law school loan payment reimbursement in any calendar year shall not exceed
22 the amount of principal and interest paid on the loan in the prior calendar year. Reimbursements under the program may continue
23 until all outstanding law school loans are satisfied; however, such reimbursements shall not exceed \$40,000 per qualifying attorney.
24 Reimbursements shall be adjusted if necessary so as not to exceed appropriations for the program.

25 The Prosecutors and Defenders Public Service Incentive Program must be administered by the Commission on Prosecution
26 Coordination, which shall pay for the cost of administration within the funds appropriated.

27 The Office of Attorney General, the Commission on Prosecution Coordination, and the Commission on Indigent Defense shall

1 **117.62.** (GP: Critical Employee Recruitment and Retention) State agencies are allowed to spend state, federal, and other sources
2 of revenue to provide lump sum bonuses to aid in recruiting and retaining workers in critical needs jobs which provide services that
3 directly impact the health, safety, and welfare of the public. The employee bonus amount shall be approved by the State Human
4 Resources Director based on State Human Resources guidelines, and shall not exceed \$10,000 per year. Payment of these bonuses
5 is not a part of the employee's base salary and is not earnable compensation for purposes of employee and employer contributions
6 to respective retirement systems. These bonuses shall, however, be considered earnings for determining if an employee who has
7 returned to work after retirement is subject to the earning limitation imposed in either Section 9-1-1790(A)(1) or Section
8 9-11-(4)(a)(i).

9 These agencies may also provide paid educational leave for any employee in a FTE position deemed critical by the Department of
10 Administration to attend class while enrolled in degree programs that are related to the agency's mission. All such leave is at the
11 agency head's discretion.

12 These agencies may enter into an agreement with individuals employed in critical needs positions to repay them for their
13 outstanding student loans associated with completion of a relevant degree. Agencies may pay these employees up to twenty percent
14 or \$7,500, whichever is less, of their outstanding student loan each year over a five-year period. Payments will be made directly to
15 the employee at the end of each year of employment. The agency will be responsible for verifying the principal balance of the
16 employee's student loan prior to issuing payments.

17 Agencies are also authorized to allow tuition reimbursement from a maximum of ten credit hours per semester; allow probationary
18 employees to participate in tuition programs; and provide tuition prepayment instead of tuition reimbursement for employees willing
19 to pursue a degree in a healthcare program. An agency may pay up to fifty percent of an employee's tuition through tuition
20 prepayment. The remaining tuition could be reimbursed to the employee after successful completion of the class.

21 The Department of Administration shall approve of the designation of critical needs positions applicable to this provision using
22 guidelines that include, but are not limited to: 1) the difficulty recruiting for the positions as reflected by data such as the vacancy
23 rate maintained, the average time to fill, the lack of sufficient qualified applicants, and other objective factors; 2) the difficulty
24 retaining employees in the positions as shown by turnover data; 3) justification by the state agency that the position is critical to the
25 core mission of the agency and directly impacts the health, safety and welfare of the public; and 4) assurances from the state agency
26 that there are sufficient existing funds available to pay for items under this provision.

27 Healthcare employees in approved critical needs positions working on a practicum or required clinical experience towards
28 completion of a healthcare degree may be allowed to complete these requirements at their state agency or another state agency at the
29 discretion of the agency head. This field placement at another state agency may be considered work time for participating employees.

30 State agencies must report to the Department of Administration by August 31st of each year any expenditure under this provision.
31 The Department of Administration shall compile a report of the responses and submit them to the Chairman of the Senate Finance
32 Committee and the Chairman of the House Ways and Means Committee by October 1st of each year.

33 **117.63.** (GP: Governor's Budget Certification) The annual Executive Budget proposed by the Governor must be certified by the

35 Finance Committee versions of the budget bill are certified.

1 **117.64.** (GP: Voluntary Furlough) Agency heads may institute a voluntary employee furlough program of not more than ninety
2 days per fiscal year. During this voluntary furlough, the state employees shall be entitled to participate in the same state benefits as
3 otherwise available to them except for receiving their salaries. As to those benefits which require employer and employee
4 contributions, the state agencies, institutions and departments will be responsible for making both employer and employee
5 contributions if coverage would otherwise be interrupted; and as to those benefits which require only employee contributions, the
6 employee remains solely responsible for making those contributions. In the event an agency's reduction is due solely to the General
7 Assembly transferring or deleting a program, this provision does not apply.

8 **117.65.** (GP: Governor's Security Detail) The State Law Enforcement Division, the Department of Public Safety, and the
9 Department of Natural Resources shall provide a security detail to the Governor in a manner agreed to by the State Law Enforcement
10 Division, the Department of Public Safety, the Department of Natural Resources, and the Office of Governor. Reimbursement to the
11 State Law Enforcement Division, the Department of Public Safety, and the Department of Natural Resources to offset the cost of the
12 security detail for the Governor shall be made in an amount agreed to by the State Law Enforcement Division, the Department of
13 Public Safety, the Department of Natural Resources, and the Office of Governor from funds appropriated to the Office of Governor
14 for this purpose. Law enforcement officers assigned to security detail for the Governor shall only perform services related to security
15 and shall not provide any unrelated service during the assignment.

16 **117.66.** (GP: Reduction in Force Antidiscrimination) In the event of a reduction in force implemented by a state agency or

18 or state antidiscrimination laws.

19 ~~**117.67.** (GP: Reduction in Force/Agency Head Furlough) In the event a reduction in force is implemented by a state agency or
20 institution of higher learning, the agency head shall be required to take five days furlough in the current fiscal year. If more than one
21 reduction in force plan is implemented in a fiscal year, the mandatory agency head furlough is only required for the initial plan. The
22 agency head will retain all responsibilities and authority during the furlough. All monies saved from this furlough may be retained
23 by that agency and expended at the discretion of the agency head. During this furlough, the agency head shall be entitled to participate
24 in the same state benefits as otherwise available to them except for receiving their salaries. As to those benefits which require
25 employer and employee contributions, the state agency will be responsible for making both employer and employee contributions if
26 coverage would otherwise be interrupted; and as to those benefits which require only employee contributions, the agency head
27 remains solely responsible for making those contributions.~~

28 ~~—Placement of an agency head on furlough under this provision does not constitute a grievance or appeal under the State Employee
29 Grievance Procedure Act. In the event the reduction for the state agency or institution of higher learning is due solely to the General
30 Assembly transferring or deleting a program, this provision does not apply. Agencies may allocate the agency head's reduction in
31 pay over the balance of the fiscal year for payroll purposes regardless of the pay period within which the furlough occurs. The
32 Department of Administration shall promulgate guidelines and policies, as necessary, to implement the provisions of this provision.
33 State agencies shall report information regarding furloughs to the Department of Administration.~~

34 ~~—For purposes of this provision, agency head includes the president of a technical college as defined by Section 59-103-5 of the

1 ~~—The agency head of the State Board for Technical and Comprehensive Education shall not be required to take this mandatory~~
2 ~~furlough based solely on the implementation of a reduction in force plan by a technical college.~~

3 ~~—An agency head shall not be required to take this mandatory furlough based solely on reductions in force implemented as a result~~
4 ~~of federal budget cuts or reorganization to accomplish organizational efficiencies.~~

5 **117.68.** (GP: Printed Report Requirements) (A) For the current fiscal year, state supported institutions of higher learning shall
6 not be required to submit printed reports mandated by Sections 2-47-40, 2-47-50, and 59-103-110 of the 1976 Code, and shall instead
7 only submit the documents electronically.

8 Submission of the plans or reports required by Sections 59-101-350, 59-103-30, 59-103-45(4), and 59-103-160(D) shall be waived
9 for the current fiscal year, except institutions of higher learning must continue to report student pass rates on professional
10 examinations, and data elements otherwise required for the Commission on Higher Education Management Information System.
11 The commission, in consultation with institutions, shall take further action to reduce data reporting burdens as possible.

12 (B) For the current fiscal year, the Department of Agriculture shall not be required to submit printed reports mandated by Section

17 electronically.

18 (D) For the current fiscal year, the Department of Transportation shall not be required to submit printed reports or publications
19 mandated by Sections 1-11-58, 2-47-55, and 58-17-1450 of the 1976 Code.

20 The Department of Transportation may combine their Annual Report and Mass Transit Report into their Annual Accountability
21 Report.

22 **117.69.** (GP: IMD Operations) The Department of Health and Human Services shall produce an annual report on
23 Medicaid-funded out-of-home placements and associated expenditures which shall be provided to the Chairman of the Senate
24 Finance Committee, Chairman of the House Ways and Means Committee, and the Governor no later than November first each year.

25 **117.70.** (GP: Fines and Fees Report) In order to promote accountability and transparency, each state agency must provide and
26 release to the public via the agency's website, a report of all aggregate amounts of fines and fees that were charged and collected by
27 that state agency in the prior fiscal year. The report shall include, but not be limited to: (1) the code section, regulation, or proviso
28 that authorized the fines and fees to be charged, collected, or received; (2) the amount of the fine or fee; (3) the amount received by
29 source; (4) the purpose for which the funds were expended by the agency; (5) the amount of funds transferred to the general fund, if
30 applicable, and the authority by which the transfer took place; and (6) the amount of funds transferred to another entity, if applicable,
31 and the authority by which the transfer took place, as well as the name of the entity to which the funds were transferred. The report

33 Committee and the Chairman of the House Ways and Means Committee by September first. Funds appropriated to and/or authorized
34 for use by each state agency shall be used to accomplish this directive.

35 **117.71.** (GP: Mandatory Furlough) In a fiscal year in which the general funds appropriated for a state agency are less than the
36 general funds appropriated for that agency in the prior fiscal year, or whenever the General Assembly or the Executive Budget Office

1 implements a midyear across-the-board budget reduction, and agency heads institute a mandatory employee furlough program, in
2 determining which employees must participate in the program, agency heads should give consideration to furloughs for contract
3 employees, post-TERI employees, and TERI employees before other employees. During this mandatory furlough, the state
4 employees shall be entitled to participate in the same state benefits as otherwise available to them except for receiving their salaries.
5 As to those benefits which require employer and employee contributions, the state agencies, institutions, and departments will be
6 responsible for making both employer and employee contributions if coverage would otherwise be interrupted; and as to those
7 benefits which require only employee contributions, the employee remains solely responsible for making those contributions. In the
8 event an agency's reduction is due solely to the General Assembly transferring or deleting a program, this provision does not apply.

9 **117.72.** (GP: Reduction In Force) In a fiscal year in which the general funds appropriated for a state agency are less than the
10 general funds appropriated for that agency in the prior fiscal year, or whenever the General Assembly or the Executive Budget Office
11 implements a midyear across-the-board budget reduction, and agency heads must make reductions in force, agency heads should
12 give consideration to reductions of contract employees, post-TERI employees, and TERI employees before other employees. In the
13 event an agency's reduction is due solely to the General Assembly transferring or deleting a program, this provision does not apply.

14 **117.73.** (GP: Cost Savings When Filling Vacancies Created by Retirements) During the current fiscal year, whenever classified
15 FTEs become vacant because of employee retirements, it is the intent of the General Assembly that state agencies should realize
16 personnel costs savings of at least twenty-five percent in the aggregate when managing these vacant positions. Prior to filling a
17 classified FTE which has become vacant because of a retirement, an agency must review and determine the appropriate salary for
18 the position as well as determine whether the agency can manage without filling the position or by delay in filling the position. Prior
19 to filling the vacant FTE, agencies must follow all laws and regulations concerning posting and competitive solicitation and
20 consideration of applicants. No agency shall enter into any agreement with any employee that violates the terms of this proviso.

21 **117.74.** (GP: Information Technology for Health Care) From the funds appropriated and authorized to the Department of Health
22 and Human Services, the department shall advance the use of health information technology and health information exchange to
23 improve quality and efficiency of health care and to decrease the costs of health care as follows:

24 (A) In order to facilitate the qualification of Medicare and/or Medicaid eligible providers and hospitals for incentive payments
25 for meaningful health information technology (HIT) use, a health care organization participating in the South Carolina Health
26 Information Exchange (SCHIEEx) or a Regional Health Information Organization (RHIO) or a hospital system health information
27 exchange (HIE) that participates in SCHIEEx may release patient records and medical information, including the results of any
28 laboratory or other tests ordered or requested by an authorized health care provider within the scope of his or her license or practice
29 act, to another health information organization that requests the information via a HIE for treatment purposes with express written
30 consent or authorization from the patient. A health information organization that receives or views this information from a patient's
31 electronic health record or incorporates this information into the health information organization's electronic medical record for the
32 patient in providing treatment is considered an authorized person for purposes of 42 C.F.R. 493.2 and the Clinical Laboratory
33 Improvement Amendments.

34 (B) The department is authorized to award any grants, contracts, and/or other agreements that it deems to be in furtherance of the
35 recommendations of the Health Information Exchange Strategy Development Committee established pursuant to Act 94 of 2021 or
36 other initiative it deems appropriate to facilitate the useful exchange of health information.

1 **117.75.** (GP: Broadband Spectrum Lease) The General Assembly must approve any exercise of the Middle Band Segment
2 Channel recapture provisions contained in the Educational Broadband Service Spectrum Lease Agreements if the exercise of the
3 recapture provisions would result in a decrease in payments received by the State. The Educational Television Commission assumes
4 management and administration of the lease and receives lease payments directly. The Educational Television Commission shall
5 retain and expend funds received pursuant to the lease for agency operations. The commission shall be authorized to carry forward
6 unexpended funds from the prior fiscal year into the current fiscal year. In the event of a default by the current lease holder, the
7 Educational Television Commission is authorized to use contingent funds up until such time as a new lease can be negotiated by the
8 State and the Educational Television Commission.

9 **117.76.** (GP: Reduction in Compensation) For the current fiscal year, no state agency or political subdivision of this state may
10 decrease the compensation of an employee, including dismissal, suspension, or demotion, solely because the employee gave sworn
11 testimony regarding alleged wrongdoing to a standing committee, subcommittee of a standing committee, or study committee of the
12 Senate or the House of Representatives. This proviso shall apply regardless of when the alleged wrongdoing occurred.

13 **117.77.** (GP: Deficit Monitoring) It is the responsibility of each state agency, department, and institution to operate within the
14 limits of its authorized appropriations. All agencies, departments, and institutions are to budget, allocate and manage its authorized
15 appropriations in a way to avoid an operating deficit for the fiscal year.

16 If at the end of each quarterly deficit monitoring review by the Executive Budget Office, it is determined by either the Executive
17 Budget Office or a state agency, department, or institution that the likelihood of a deficit for the current fiscal year exists, the state
18 agency shall notify the General Assembly within fifteen days of this determination and shall further request the Executive Budget
19 Office to work with it to develop a plan to avoid the deficit. Within fifteen days of the deficit avoidance plan being completed, the
20 Executive Budget Office shall either request the General Assembly to recognize the deficit if it determines the deficit avoidance plan
21 will not be sufficient to avoid a deficit or notify the General Assembly of how the deficit will be avoided based on the deficit
22 avoidance plan if the Executive Budget Office determines the plan will be sufficient to avoid a deficit.

23 Upon notification from the Executive Budget Office that an agency will run a deficit and requesting that it be recognized, the
24 General Assembly, by joint resolution, may make a finding that the cause of, or likelihood of, a deficit is unavoidable due to factors
25 which are outside the control of the state agency, department, or institution, and recognize the deficit. Any legislation to recognize
26 a deficit must be in a separate joint resolution enacted for the sole purpose of recognizing the deficit of a particular state agency,
27 department, or institution. A deficit may only be recognized by an affirmative vote of each branch of the General Assembly.

28 If the General Assembly recognizes the deficit, then the actual deficit at the close of the fiscal year must be reduced as necessary
29 from surplus revenues or surplus funds available at the close of the fiscal year in which the deficit occurs and from funds available
30 in the General Reserve Fund and the Capital Reserve Fund, as required by the Constitution of this State.

31 Once a deficit has been recognized by the General Assembly, the state agency, department, or institution shall limit travel and
32 conference attendance to that which is deemed essential by the director of the agency, department, or institution. In addition, the
33 General Assembly, when recognizing a deficit may direct that any pay increases and purchases of equipment and vehicles must be
34 approved by the Executive Budget Office.

35 **117.78.** (GP: Commuting Costs) State government employees who use a permanently assigned agency or state-owned vehicle
36 to commute from their permanently assigned work location to and from the employee's home must reimburse the agency in which

1 they are employed for commuting use in accordance with IRS regulations based on guidance from the Office of Comptroller General
2 which must use the Cents per mile Rule, unless they are exempted from such reimbursement by applicable IRS regulations. These
3 permanently assigned vehicles must be clearly marked as a state or agency vehicle through the use of permanent state-government
4 license plates and either state or agency seal decals unless the vehicle is used primarily in undercover operations. This requirement
5 does not apply to a vehicle used by an employee for the purpose of a special travel assignment, for active certified law enforcement
6 officers authorized to carry firearms, execute warrants, and make arrests, for Constitutional Officers, or for Department of
7 Transportation employees on call for emergency maintenance.

8 **117.79.** (GP: Bank Account Transparency and Accountability) Each state agency, except state institutions of higher learning,
9 which has composite reservoir bank accounts or any other accounts containing public funds which are not included in the Comptroller
10 General's South Carolina Enterprise Information System shall prepare a report for each account disclosing every transaction of the
11 account in the prior fiscal year. The report shall be submitted to the State Fiscal Accountability Authority by October first of each
12 fiscal year. The report shall include the name(s) and title(s) of each person authorized to sign checks or make withdrawals from each
13 account, the name and title of each person responsible for reconciling each account, the beginning and year-end balance of funds in
14 each account, and data related to both deposits and expenditures of each account. The report shall include, but not be limited to, the
15 date, amount, and source of each deposit transaction and the date, name of the payee, the transaction amount, and a description of
16 the goods or services purchased for each expenditure transaction. To facilitate review, the State Fiscal Accountability Authority
17 shall prescribe a common format for the report which agencies must use. In order to promote accountability and transparency, a link
18 to the report shall be posted on the Comptroller General's website as well as the agency's homepage.

19 When the State Auditor conducts or contracts for an audit of a state agency, accounts of the agency subject to this proviso must be
20 included as part of the review.

21 If an agency determines that the release of the information required in this provision would be detrimental to the state or the
22 agency, the agency may petition the State Fiscal Accountability Authority to grant the agency an exemption from the reporting
23 requirements for the detrimental portion. The meeting to determine whether an exemption should be granted shall be closed.
24 However, the exemption may only be granted upon a majority vote of the State Fiscal Accountability Authority in a public meeting.

25 **117.80.** (GP: Websites) All agencies, departments, and institutions of state government shall be responsible for providing on its
26 Internet website a link to the Internet website of any agency, other than the individual agency, department, or institution, that posts
27 on its Internet website that agency, department, or institution's monthly state procurement card statements or monthly reports
28 containing all or substantially all the same information contained in the monthly state procurement card statements. The link must
29 be to the specific webpage or section on the website of the agency where the state procurement card information for the state agency,
30 department, or institution can be found. The information posted may not contain the state procurement card number. Any
31 information that is expressly prohibited from public disclosure by federal or state law or regulation must be redacted from any posting
32 required by this section.

33 **117.81.** (GP: Regulations) For the current fiscal year, if a state agency proposes a regulation that levies or increases a fee, fine,
34 or that otherwise generates revenues, the title to the Joint Resolution which proposes the regulation must indicate that a fee, fine, or
35 revenue source is being proposed.

1 **117.82.** (GP: Joint Children’s Committee) For the current fiscal year, the Department of Revenue is directed to reduce the rate
2 of interest paid on eligible refunds by one percentage point. Of the revenue resulting from this reduction, \$300,000 shall be
3 transferred to the Senate for the Joint Citizens and Legislative Committee on Children to provide the report, research, and other
4 operating expenses as directed in Section 63-1-50 of the 1976 Code. Funds transferred to the University of South Carolina for the
5 Joint Citizens and Legislative Committee on Children shall be maintained in a separate and distinct account. A detailed report of all
6 expenditures shall be made to the Executive Budget Office within thirty days of the close each fiscal quarter, and the Executive
7 Budget Office shall distribute this information to the Chairman of the Senate Finance Committee and the Chairman of the House
8 Ways and Means Committee. The remaining revenue resulting from this reduction shall be transferred to the Department of Juvenile
9 Justice to be used for mentoring or alternatives to incarceration programs. Unexpended funds authorized by this provision may be
10 retained and carried forward by the Senate or the Department of Juvenile Justice, respectively, and used for the same purposes. The
11 rate of reduction authorized in this provision shall be in addition to the reduction authorized in Proviso 41.2.

12 **117.83.** (GP: Civil Conspiracy Defense Costs) For the current fiscal year, for any claim that has not reached a judgment, if a
13 state or local government employee or former state or local government employee (“government employee”) is personally sued for
14 civil conspiracy based in part upon a personnel or employment action or decision regarding an employee, the court must, prior to
15 trial, make a final determination whether the action or decision giving rise to the suit was made by the government employee within
16 the scope of their official duty. If the court finds that the government employee was acting outside the scope of the employee’s
17 official duties, the government shall not thereafter expend any funds to pay or defend the claim. If the court finds the government
18 employee was acting within the scope of their official duties, the employee is immune from suit, liability, and damages with respect
19 to the civil conspiracy claim. The government may only expend funds to defend the claim if the determination is that the employee
20 was acting within the scope of their official duties. Nothing in this proviso prevents an insurance provider from defending and
21 paying, respectively, any claims that the provider has contractually agreed to defend and pay.

22 **117.84.** (GP: Recovery Audits) The State Fiscal Accountability Authority shall contract with one or more firms to conduct
23 recovery audits of payments made by all state agencies to vendors for goods and services. The audits must be designed to detect,
24 document, and recover overpayments and erroneous payments to the vendors and to recommend improved financial and operational
25 practices and procedures. A state agency shall pay, from recovered monies received, the recovery audit firm responsible for obtaining
26 for the agency a reimbursement or payment from a vendor a negotiated fee not to exceed twenty percent of the funds recovered by
27 that firm.

28 Unless otherwise restricted by law, funds recovered, less the cost of recovery, shall be remitted to a special fund subject to
29 appropriation by the General Assembly. Agencies may recover costs that are documented to be directly related to implementation

7 **117.111.** (GP: State Employee Leave Donation) In the event of a medical emergency, a state employee may make a written
8 request to the employing agency that a specified number of hours of his accrued annual and/or sick leave be transferred from his

22 Human Services shall ensure that access to “no eject, no reject” services is restored for children and adolescents requiring care in a
23 private residential treatment facility.

24 (G) To ensure that individuals requiring behavioral health services are protected from unexpected or excessive billings, the
25 Department of Mental Health shall examine ways to convert state-funded or DSH-funded indigent care to a sustainable
26 reimbursement model that improves access to behavioral health treatment while potentially reducing uncompensated care levels and
27 the department’s reliance on state funds. In the current fiscal year, the department shall report to the Chairmen of the Senate Finance
28 Committee and the House Ways and Means Committee on the results of this examination and the actions taken to address any
29 findings. The department also shall:

30 (1) contract for an exhaustive independent review of its entire revenue cycle, to eliminate inefficiencies and improve business

33 (2) ensure its immediate and ongoing compliance with the hospital price transparency rules established at 45 C.F.R. Part 180,

2 of assuring access to behavioral health services to every student in the State through either a public or private provider, the
3 Department of Health and Human Services must lead a comprehensive effort to improve access to and the quality of school-based
4 behavioral health services in South Carolina, while identifying and taking steps to address community-level disparities in the
5 availability of this care. This effort shall include, but not be limited to:

6 (1) the performance of a comprehensive review of Medicaid and non-Medicaid school-based behavioral health services in
7 South Carolina, including an assessment of the availability of such services and the identification of any barriers to access, such as
8 coverage and reimbursement rules, billing practices, other insurer policies, state agency, school district rules or procedures, or
9 provider shortages;

10 (2) a revisitation of existing coverage policies for medically necessary services provided to children, including those with or
11 without a disability determination, and whether those services are or are not required by a child's individualized education plan or
12 individualized family services plan, whether they do or do not arise from a referral under the Early and Periodic Screening,
13 Diagnostic, and Treatment program, and in the context of State Medicaid Director Letter 14-006;

14 (3) the rescission of any Medicaid or PEBA policies that deny coverage, solely on the basis that those services are being
15 provided within a school or through a telehealth encounter that originates in a school, of medically necessary outpatient services that
16 have been furnished to eligible children by enrolled and qualified providers;

17 (4) the issuance of any new Medicaid policies needed to durably enshrine any appropriate telehealth coverage that had been
18 authorized on a temporary basis during the public health emergency;

20 health training for student-facing personnel in schools; and

21 (6) reporting to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee
22 on any other relevant potential policy changes that the Director of the Department of Health and Human Services believes would
23 advance the intent of this provision, but which would have a fiscal impact that is sufficiently substantial to require the General
24 Assembly's direct consideration in the future.

25 (I) The Department of Health and Human Services is authorized to establish programs and/or fund in whole or in part, including
26 through the potential use of CHIP Health Services Initiatives, various pilot projects or other initiatives that are intended to develop
27 the health care workforce in South Carolina. Such efforts must be targeted toward current or future providers who demonstrate, by
28 whatever means is selected by the department, commitments to remaining in-state and including Medicaid beneficiaries among their
29 patients. The development of the behavioral health workforce shall be prioritized, although the department may also address other
30 provider classes, such as respiratory therapists, for which shortages have been highlighted and/or exacerbated by the public health
31 emergency. Further consideration also should be given to attracting additional qualified preceptors and increasing opportunities for
32 clinical rotations. The department may partner with or enlist the support of the Technical College System, Area Health Education
33 Centers, and/or Student Loan Corporation in designing or administering these programs and, where appropriate, is encouraged to
34 structure them as public-private partnerships in conjunction with the state's hospital and health systems and other key employers of
35 health providers.

1 (J) If either the Director of the Department of Mental Health or the Director of the Department of Health and Human Services
2 finds that state personnel and/or procurement rules are limiting his ability to fulfill the intent of this provision, he shall notify the
3 State Fiscal Accountability Authority of this in writing and request whatever exemptions are necessary to ensure that clinical staff
4 may be recruited, retained, and/or contracted for so as to provide greater access to behavioral health treatment.

5 (K) In consultation with the Department of Mental Health, the Department of Health and Human Services shall assess the
6 feasibility of, and if warranted, take steps to establish or obtain through grant, contract, subscription, or other procurement, a statewide
7 system for the near-real time tracking of in-patient psychiatric hospital beds and crisis stabilization beds. This system should be
8 generally designed to draw data from providers' existing electronic medical record systems and make summary-level data available
9 to authorized users within state agencies, participating provider organizations, and any others to be specified by the Department of
10 Health and Human Services, for the purposes of managing critical resources and ensuring that patients may be promptly treated in
11 the most effective and clinically appropriate setting. To protect patient privacy and ensure HIPAA compliance, the system may only
12 collect information on the types, counts, and availability of beds, or other categorical or aggregated information, as opposed to
13 individually identifying patient details. In partnership with the following named agencies, the Department of Health and Human
14 Services may also explore and pursue the use of such a system:

15 (1) to meet the emergency preparedness and disaster recovery requirements of the Department of Health and Environmental
16 Control and the Emergency Management Division that are currently met by the Bed Availability Report Tracking system; and/or

17 (2) to augment or replace the capabilities of the Department on Aging's GetCareSC website.

18 (L) From the funds appropriated to or otherwise made available to it, the Department of Health and Human Services is authorized
19 to procure, enter into contracts and agreements, offer grants, and otherwise expend funds as well as establish demonstration projects
20 in one or more areas of the state to encourage and promote necessary infrastructure and investment to achieve the objectives set out
21 in this provision. The department shall develop policies and procedures as necessary to assure accountability in the expenditure of
22 these funds and apply for federal matching funds when appropriate and available. The department shall report annually to the Senate
23 Finance Committee and the House Ways and Means Committee on all expenditures made under this provision.

32 the Division of Procurement Services of the State Fiscal Accountability Authority in the development and issuance of a Request for
33 Proposals (RFP) for an Alternative Transportation Program that provides transportation services for nonviolent individuals requiring
34 immediate hospitalization as described in Article 5, Chapter 17, Title 44 of the 1976 Code. The purpose of the RFP shall be to seek

13 resemble a law enforcement uniform.
- 14 (C) When transportation is provided through this Alternative Transportation Program, the written agreement described in Section
15 44-17-440(A) of the 1976 Code shall not be required.
- 16 (D) No later than January 15, ~~2023~~ 2024, the authority shall provide the Governor, the Chairman of the House Ways and Means
17 Committee, and the Chairman of the Senate Finance Committee with a report on the implementation of this program. The report

25 Tobacco Settlement Revenue Management Authority from the Tobacco Master Settlement Agreement (“MSA”) in the current fiscal
26 year, the State Treasurer is authorized and directed, after transferring funds sufficient to cover the operating expenses of the Authority,
27 to transfer the remaining funds as follows:

28 (1) \$1,253,000 to the Attorney General’s Office for Diligent Enforcement and Arbitration Litigation; \$450,000 to the State

3 Comptroller General shall adjust the affected agency's chart of accounts accordingly, if necessary.

4 **118.13.** (SR: Non-recurring Litigation Recovery Revenue) During the current fiscal year, if there is a recovery or an award in
5 any litigation managed by the State through a party other than the Attorney General, or if a state tax audit results in a collection, any
6 funds received in excess of twenty-five million dollars that are not likely to continue as recurring revenue and would have otherwise
7 been credited to the General Fund shall be credited to the Litigation Recovery Account. The amount credited to this Litigation
8 Recovery Account pursuant to this provision is deemed non-recurring revenue and must be expended only in the manner prescribed
9 by law.

10 **118.14.** (SR: Farm Aid) There is created the 'South Carolina Farm Aid Fund'. This fund is separate and distinct from the general
11 fund of the State and all other funds. Earnings on this fund must be credited to it. Revenues credited to this fund in a fiscal year
12 must be used in that fiscal year to operate a grant program that provides financial assistance to farmers.

13 To be eligible for a grant, the person must have:

14 (1) experienced a verifiable loss of agricultural commodities of at least thirty percent as a result of the flooding occurring in the
15 aftermath of Hurricanes Michael and Florence for which:

16 (a) the Governor declared a state of emergency in the State for the county in which the farm is located; and

17 (b) the United States Secretary of Agriculture issued a Secretarial Disaster Declaration for the county in which the farm is
18 located;

19 (2) a farm number issued by the Farm Service Agency;

20 (3) signed an affidavit, under penalty of perjury, certifying that each fact of the loss presented by the person is accurate; and

21 (4) a signed affidavit, under penalty of perjury, certifying that no federal funds have been received for these specific disasters,
22 and in the event that federal funds are received, the person will return all state monies received under this program.

23 The Department of Agriculture (department) shall administer the grant program authorized by this proviso. The Department of
24 Revenue shall assist the Department of Agriculture in the administration of the grant program by providing auditing services,
25 accounting services, and review and oversight of all financial aspects of the grant program. There is created the Farm Aid Advisory
26 Board to make recommendations to the department regarding the duties of the department in administering the grant program. The
27 Commissioner of Agriculture, or his designee, shall serve ex officio, as chairman of the board. Also, the Director of the Department
28 of Revenue, or his designee, the Vice President for Public Service and Agriculture of Clemson Public Service Activities, or his
29 designee, and the Vice President for Land Grant Services of South Carolina State Public Service Activities, or his designee, shall
30 serve on the board. The following additional members shall be appointed to the board:

31 (1) the Commissioner of Agriculture shall appoint one member representing the South Carolina Farm Bureau;

32 (2) the Commissioner of Agriculture shall appoint one member representing a farm credit association;

33 (3) the Director of the Department of Revenue shall appoint one member representing the crop insurance industry; and

34 (4) the Director of the Department of Revenue shall appoint one member who is an agricultural commodities producer.

35 By July twentieth of the current fiscal year, the board shall hold its initial meeting to recommend an application process by which
36 a person with a loss resulting from the flooding occurring in the aftermath of Hurricanes Michael and Florence may apply for a grant.

1 Upon adoption of an application process, the Department of Agriculture shall provide the Chairman of the House Ways and Means
2 Committee and the Chairman of the Senate Finance Committee with a written copy of its application process within ten days after
3 its adoption. A person shall apply not later than forty-five days after the adoption of the application process. The department must
4 ensure every person interested in applying for a grant has access to adequate resources to submit his application in a timely manner,
5 and upon request, the department must assist a person with the preparation of his application.

6 Each grant awarded by the department may not exceed twenty percent of the person's verifiable loss of agricultural commodities.
7 However, a person, including any grant made to a related person, may not receive grants aggregating more than one hundred thousand
8 dollars. Also, a person, including any grant made to a related person, may not receive grants that when combined with losses covered
9 by insurance, exceed one hundred percent of the actual loss. If a grant is made to a related person, the amount to be included in the
10 limits set by this proviso must be the amount of the grant multiplied by the person's ownership interest in the related person.
11 However, a person who shares an ownership interest with another person or entity may not be refused a grant solely because the
12 other person or related person has otherwise received the maximum grant amount, but in this case, the person's grant amount is
13 limited by the person's ownership interest.

14 If the total amount of grants allowed pursuant to this proviso exceeds the monies in the fund, then each person's grant must be
15 reduced proportionately.

16 To determine loss, the department:

17 (1) must measure the person's cumulative total loss of all affected agricultural commodities for the year in which the flooding
18 occurred against the person's expected production of all agricultural commodities affected by the flooding occurring in the aftermath
19 of Hurricanes Michael and Florence;

20 (2) shall use the person's applicable actual production history yield, as determined by the Federal Crop Insurance Corporation,
21 to determine loss for insured agricultural commodities. In determining loss for uninsured agricultural commodities, the department
22 shall use the most recent year's county price and county yield, as applicable, as determined by the National Agriculture Statistics
23 Service, United States Department of Agriculture; and

24 (3) may require any documentation or proof it considers necessary to efficiently administer the grant program, including the
25 ownership structure of each entity and the social security numbers of each owner. Minimally, in order to verify loss, the department
26 shall require the submission of dated, signed, and continuous records. These records may include, but are not limited to, commercial
27 receipts, settlement sheets, warehouse ledger sheets, pick records, load summaries, contemporaneous measurements, truck scale
28 tickets, contemporaneous diaries, appraisals, ledgers of income, income statements of deposit slips, cash register tape, invoices for
29 custom harvesting, u-pick records, and insurance documents.

30 Grant awards must be used for agricultural production expenses and losses due to the flooding which demonstrate an intent to
31 continue the agricultural operation; however, awards may not be used to purchase new equipment. The department shall develop
32 guidelines and procedures to ensure that funds are expended in the manner outlined in grant applications, and may require any
33 documentation it determines necessary to verify the appropriate use of grant awards including receipts.

34 If the department determines that a person who received a grant provided inaccurate information, then the person shall refund the
35 entire amount of the grant. If the department determines that a person who received a grant used the funds for ineligible expenses,

1 then the person must refund the amount of the ineligible expenses. If the person does not refund the appropriate amount, the
2 Department of Revenue shall utilize the provisions of the Setoff Debt Collection Act to collect the money from the person.

3 The department shall coordinate the exchange of information between the USDA and the Department of Revenue to identify any
4 person that received a Farm Aid grant for the flooding occurring in the aftermath of Hurricanes Michael and Florence and also
5 received federal aid relief for the same disaster. Any person that is determined to have received grant funds from both the state and
6 federal government, must immediately repay the state grant they received.

7 If the department determines that a person knowingly provided false information to obtain a grant pursuant to this proviso or
8 knowingly used funds for ineligible expenses, the person shall be subject to prosecution pursuant to Section 16-13-240.

9 Within forty-five days of the completion of the awarding of grants, but no later than the end of the fiscal year, the Farm Aid
10 Advisory Board is dissolved. Any funds remaining in the fund upon dissolution shall lapse to the general fund.

11 The department may accept private funds, grants, and property to be used to make financial awards from the grant program.

12 The Department of Agriculture must administer the grant program authorized by this proviso using existing resources and funds.

13 If federal funds are allocated for persons that are otherwise eligible for a grant pursuant to this proviso before the current fiscal
14 year begins, then the provisions of this proviso are not effective and no funds may be credited to the South Carolina Farm Aid Fund.

15 For purposes of this proviso:

16 (1) "Agricultural commodities" means wheat, cotton, flax, corn, dry beans, oats, barley, rye, tobacco, rice, peanuts, soybeans,
17 sugar beets, sugar cane, tomatoes, grain sorghum, sunflowers, raisins, oranges, sweet corn, dry peas, freezing and canning peas,

24 entity; and

25 (4) "Department" means the Department of Agriculture.

26 **118.15.** (SR: Expenditure of Federal Funds) Any funds received from the Federal Government that are not allocated directly to
27 a state agency must be expended through the legislative budgeting process.

28 **118.16.** (SR: State Ports Authority Projects) Any funds appropriated or authorized for the State Ports Authority by Proviso
29 ~~118.17~~ 118.19 (Nonrecurring Revenue) for the intermodal container transfer facility and waterborne cargo infrastructure must be
30 deposited into a separate and distinct account and shall only be used for costs directly related to those two projects. Funds shall not
31 be used for salaries, bonuses, or any kind of normal administrative costs. Funds shall not be used for personnel expenses not directly
32 related to the implementation of the two projects. In addition, the State Ports Authority shall provide quarterly progress reports on
33 the implementation of each facility to the Joint Bond Review Committee, the President of the Senate, the Speaker of the House of
34 Representatives, the Chairman of the Senate Finance Committee, and the Chairman of the House Ways and Means Committee.
35 These quarterly reports shall include, but are not limited to, financial results, operating plans, budgets, capital plans, and performance
36 objectives and results for the projects. The Joint Bond Review Committee must review and provide comment on expenditures, and

1 may prescribe the reporting format and such other informational requirements and reports as it deems useful and necessary, to ensure
 2 the financial integrity, accountability, and stewardship of the funds and the ongoing operations of the project. To the extent permitted
 3 by federal law, if federal funds become available to the State that can be used for the Intermodal Container Transfer Facility or for
 4 Waterborne Cargo Infrastructure, those federal funds must first be used to complete the project. Any remaining state funds
 5 appropriated for these projects shall be transferred to a restricted account at the Department of Administration.
