RECIPIENTS OF	Local governments or local governing authorities.
----------------------	---

FUNDS

What individuals or entities would receive these funds (contractors, vendors, grantees, individual beneficiaries, etc.)? How would these funds be allocated – using an existing formula, through a competitive process, based upon predetermined eligibility criteria?

JUSTIFICATION OF REQUEST

State funds are required to match federal capitalization grants for environmental facilities on a 5 to 1 basis. Federal funds from the US Environmental Protection Agency are provided through the Clean Water and Safe Drinking Water Acts, as amended. The Federal Bipartisan Infrastructure Law increased the funds available to South Carolina by approximately \$50 million dollars a year through 2027. The state provides a 20% match and that match will increase to over \$17.5 million on an annual basis. The federal formula grant amount increased significantly and we must have the resources on hand to match the federal grant before any federal funds may be utilized.

This request was granted for FY24 as non-recurring. Without a recurring fund source moving forward, State Infrastructure Revolving Loan (SIRF) funds will need to be used to fill the gap between existing state funding and the needed matching dollars, which is not sustainable.

Please thoroughly explain the request to include the justification for funds, potential offsets, matching funds, and method of calculation. Please include any explanation of impact if funds are not received. If new positions have been requested, explain why existing vacancies are not sufficient.

ACCOUNTABILITY OF FUNDS	<p>This funding would assist the Authority with improving the quality of life by addressing infrastructure that impacts public health and the environment, creating opportunities for economic impact by providing infrastructure capacity and enhancing long-term community sustainability.</p>
--------------------------------	--

What specific strategy, as outlined in the most recent Strategic Planning and Performance Measurement template of agency's accountability report, does this funding request support? How would this request advance that strategy? How would the use of these funds be evaluated?

RECIPIENTS OF	<p>Grantees are made up of local governments, special purpose districts, public service districts and public works commissions. Grants are distributed through a competitive process based on eligibility that is consistent with the enabling statute.</p>
----------------------	---

FUNDS

What individuals or entities would receive these funds (contractors, vendors, grantees, individual beneficiaries, etc.)? How would these funds be allocated – using an existing formula, through a competitive process, based upon predetermined eligibility criteria?

JUSTIFICATION OF REQUEST

The Board of the Rural Infrastructure Authority is seeking to expand its current annual funding levels from approximately \$26 million to \$42 million. This \$42M would be split into three programs: (1) Rural Infrastructure Fund - \$20.7 million, (2) Statewide Water and Sewer Fund - \$16 million and (3) Planning and Technical Assistance for Small and Rural Utilities - \$5 million.

The Rural Infrastructure Fund would be increased to \$20,740,112 from its current level of \$12,870,056 (\$7,870,056 in state appropriations and \$5 million from Proviso 109.3).

In accordance with Act 244, the Authority received more than \$2 billion in requests for infrastructure funding assistance to address the most immediate needs. These additional funds are needed to address the significant demand for financial assistance to build the infrastructure capacity to compete for jobs and investment and replace aging infrastructure in distressed, rural areas as well as growing areas. These additional funds will provide local utilities with a reliable source of assistance to enhance affordability and reliability of services and it helps the Authority to carry out its mission.

Please thoroughly explain the request to include the justification for funds, potential offsets, matching funds, and method of calculation. Please include any explanation of impact if funds are not received. If new positions have been requested, explain why existing vacancies are not sufficient.

JUSTIFICATION OF REQUEST

The Board of the Rural Infrastructure Authority is seeking to expand its current annual funding levels from approximately \$26 million to \$42 million. This \$42M would be split into three programs: (1) Rural Infrastructure Fund - \$20.7 million, (2) Statewide Water and Sewer Fund - \$16 million and (3) Planning and Technical Assistance for Small and Rural Utilities - \$5 million.

The Statewide Water and Sewer Fund would be increased to \$16,000,000 from the current level of \$8,000,000.

In accordance with Act 244, the Authority received more than \$2 billion in requests for infrastructure funding assistance to address the most immediate needs. FORM E – AGENCY COST SAVINGS AND GENERAL FUND REDUCTION CONTINGENCY PLAN

TITLE	Agency Cost Savings and General Fund Reduction Contingency Plan
--------------	---

AMOUNT	\$811,070
---------------	-----------

What is the General Fund 3% reduction amount? This amount should correspond to the reduction spreadsheet prepared by EBO.

ASSOCIATED FTE REDUCTIONS	None
----------------------------------	------

How many FTEs would be reduced in association with this General Fund reduction?

PROGRAM / ACTIVITY IMPACT	Rural Infrastructure Fund - \$271,213, Statewide Water and Sewer Fund - \$275,691, Planning and Technical Assistance - \$51,692 and Matching Funds for State Revolving Loan Funds \$212,474.
----------------------------------	--

What programs or activities are supported by the General Funds identified?

SUMMARY	For the Rural Infrastructure Fund, Statewide Water and Sewer Fund and Planning and Technical Assistance, RIA would have less funds available to help communities with financing for qualified infrastructure projects. If the funds appropriated for the Matching Funds for the State Revolving Loan Funds are not sufficient to match the federal grants available to our state, then the funds would need to be transferred from the State Infrastructure Revolving Fund to ensure the state can access the new federal funds.
----------------	--

Please provide a detailed summary of service delivery impact caused by a reduction in General Fund Appropriations and provide the method of calculation for anticipated reductions. Agencies should prioritize reduction in expenditures that have the least significant impact on service delivery.

**AGENCY COST
SAVINGS PLANS**
